

Welcome

The mission of the Corbett School District is to foster intellectual development, social awareness and civic responsibility among the members of our school community.

Corbett School takes this mission seriously. We agree with those who say that school should be fun and socially rewarding. It is important to us that you look forward to being here each day. But the mission of the schools and the students goes beyond the social and the civic. The core of the mission, and the part that is uniquely the schools' responsibility, is the fostering of intellectual development. Intellectual development can't be produced. It can't be manufactured. When it occurs, it is **your** achievement and **your** possession. We have the knowledge and experience to help you along the way. That is our purpose. We hope that it will become yours as well.

PREFACE

The material covered within this student handbook is intended as a method of communicating to students and parents regarding general district information, rules and procedures and is not intended to either enlarge or diminish any Board policy, administrative regulation or collective bargaining agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation or collective bargaining agreement.

Any information contained in this student handbook is subject to unilateral revision or elimination from time to time without notice.

No information in this document shall be viewed as an offer, expressed or implied or as a guarantee of any employment of any duration.

The Corbett School District does not discriminate on the basis of race, religion, color, national origin, disability, marital status, sex or age in providing education or access to benefits of education services, activities and programs in accordance with Title VI, Title VII, Title IX and other civil rights or discrimination issues; Section 504 of the Rehabilitation Act of 1973, as amended; and the Americans with Disabilities Act.

The following have been designated to coordinate compliance with these legal requirements and may be contacted through the district office for additional information and/or compliance issues:

Randy Trani, Superintendent

Parents and students must acknowledge receipt of the Student Code of Conduct and the consequences to students who violate district disciplinary policies. Parents objecting to the release of directory information on their student should notify the district office within 15 days of receipt of the student handbook.

Parents must also give their signed and dated written permission for the district to release personally identifiable information.

ADMISSION**

A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements.

The district shall deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons law and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

Alternative education services will be provided to students expelled from another school district for violation of applicable state or federal weapons law and who subsequently become a resident of the district.

ALTERNATIVE EDUCATION PROGRAMS**

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular program. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district may provide alternative education programs for students expelled for violation of applicable state or federal weapons law.

In-District Alternative Education Programs

1. Professional technical programs;
2. Work experience;
3. Instructional activities provided by other accredited institutions;
4. Community service;
5. Independent study;
6. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the principal.

Nondistrict Alternative Education Programs

1. Multnomah Education Service District Programs
2. Community college;
3. Others as approved by the district.

The district pays the alternative education program cost for placing students in nondistrict alternative education programs. The student's placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semi-annual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program.

ALTERNATIVE EDUCATION NOTIFICATION**

Individual notification to students and parents regarding the availability of alternative education programs will be given under the following situations, as appropriate:

1. When two or more severe disciplinary problems occur within a three-year period
2. When attendance is so erratic the student is not benefiting from the educational program (Erratic attendance will be defined on a case-by-case basis.);
3. When an expulsion is being considered;*
4. When a student is expelled;*
5. When a student's parent or emancipated student applies for exemption from attendance on a semi-annual basis.

Individual notification shall be **hand-delivered** or sent by certified mail. Parents shall receive individual notification prior to an actual expulsion.

Notification shall include:

1. The student's action;
2. A list of alternative education programs for the student;
3. The program recommendation based upon the student's learning styles and needs;
4. Procedures for enrolling the student in the recommended program.

ASBESTOS

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance. The management plan is available for public inspection in the district office.

The maintenance supervisor serves as the district's asbestos program manager and may be reached for additional information.

ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action.

ASSIGNMENT OF STUDENTS TO CLASSES

Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations. Parent requests to place a student in a particular class may be submitted to the building principal. Final decisions are the responsibility of the building principal or designee.

ATTENDANCE**

All students between the ages of 7 and 18, who have not completed grade 12, are required to attend school unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law.

Any parent who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements [may] be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine as provided by ORS 339.925.

The district will notify the parent in writing that, in accordance with law, the [superintendent] will schedule a conference with the non-attending student and his/her parent(s) to discuss attendance requirements. The written notice will include the following:

1. The superintendent has the authority to enforce the provisions of the compulsory attendance laws;
2. Failure to send a student to school is a Class C violation;
3. A citation may be issued by the district;
4. A conference with the parent and student is required.

The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577 (1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required.

Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

Suspension of Driving Privileges

Students who fail to maintain regular enrollment in school may have either their driving privileges suspended or the right to apply for driving privileges suspended. The superintendent or designee may, under ORS 339.257, notify the Oregon Department of Transportation (ODOT) of the withdrawal of a student who is at least 15 years of age and under 18 years of age. Upon notice by the district that a student has withdrawn from school, ODOT shall notify the student that driving privileges will be suspended on the 30th day following the date of notice unless the student presents documentation that complies with ORS 807.066. A student shall be considered to have withdrawn from school if the student has:

1. More than 10 consecutive days of unexcused absence; or
2. Fifteen school days total of unexcused absences during a single semester.

The student has a right to appeal the superintendent/designee's or Board's decision through district suspension/expulsion due process procedures.

Absence and Excuses

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day must bring a note from his/her parent. A student who becomes ill during the school day should, with the teacher's permission, report to the office. Office personnel will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment. Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason will not be allowed to participate in school-related activities on that day or evening.

Exemptions from Compulsory Attendance

The school may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor provided the student is:

1. Employed full-time;
2. Employed part-time and enrolled in school part-time;
3. Enrolled in a community college or other state-registered alternative education program.

All such request must be submitted in writing to the principal and include documentation of the student's employment by the employer, or enrollment status by the school. The school requires notification should the student's employment or enrollment status be terminated.

Requests will be considered only following a conference with the student and parent or emancipated student and a review of credits earned for graduation, grades, disability, if applicable, standardized assessment results, teacher evaluations, counselor appraisal, immediate plans, short-range and career goals and any other pertinent information.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available.

Exemptions will be granted for a limited time only and will be reviewed by the school no later than the second week of each trimester.

Parents will be notified of the need to reapply for an exemption no later than the second week of each trimester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

Truancy

A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, expulsion, ineligibility to participate in athletics or other activities and/or loss of driving privileges.

CALENDAR

See page 38.

CLASS RANKING

The district's valedictorian and salutatorian may be permitted to speak as a part of the district's planned graduation program at the discretion of the building principal or designee. Titles and/or privileges available to or granted to students designated as valedictorian or salutatorian may be denied or revoked for violation of Board policy, administrative regulation or school rule.

CLUBS AND ORGANIZATIONS

Student clubs and performing groups such as the band, choir, drama and athletic teams may establish rules of conduct – and consequences for misconduct – that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization.

COMMUNICABLE DISEASES**

Parents of a student with a communicable or contagious disease are asked to telephone the school office so that other students who have been exposed to the disease can be alerted. A student with certain school restrictable diseases is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the local health officer or a licensed physician (with the concurrence of the local health officer) that the disease is no longer communicable to others in the school setting. For those diseases indicated by an asterisk (*) below, the restriction may be removed by a school nurse. For head lice, indicated by a double asterisk (**) below, the restriction may be removed after the parent provides a signed statement that a recognized treatment has been initiated. These diseases include chicken pox*, diphtheria, measles, meningitis, mumps*, lice infestations**, whooping cough, plague, rubella, scabies*, staph infections*, strep infections* and tuberculosis. Parents with questions should contact the school office.

COMPUTER USE

Students may be permitted to use the district's electronic communications system only to conduct business related to the management or instructional needs of the district or to conduct research related to education consistent with the district's mission or goals. Personal use of district computers, including e-mail access, is strictly prohibited.

The district's electronic communications system meets the following federal Children's Internet Protection Act requirements:

1. Technology protection measures have been installed and are in continuous operation to protect against Internet access by both adults and students to visual depictions that are obscene, child pornography or, with respect to the use of the computers by students, harmful to students;
2. The on-line activities of students are monitored;
3. Access by students to inappropriate matter on the Internet and World Wide Web is denied;
4. Procedures are in place to help ensure the safety and security of students when using electronic mail, chat rooms and other forms of direct electronic communications;
5. Unauthorized access, including so-called "hacking" and other unlawful activities by students on-line is prohibited;
6. Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
7. Measures designed to restrict students' access to materials harmful to students have been installed.

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in the district's information system are the district's property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district's system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district's system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned e-mail system.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials.

* In accordance with Oregon law, the superintendent may request that the driving privileges of the student, or the right to apply for driving privileges, be suspended for no more than one year for any student who has been expelled for bringing a weapon to school or suspended or expelled at least twice for assaulting or menacing a district employee or another student, for willful damage or injury to district property or for use of threats, intimidation, harassment or coercion against a district employee or another student; or the student has been suspended or expelled at least twice for possessing, using or delivering any controlled substance or for being under the influence of any controlled substance at a school or on school property or at a school-sponsored activity, function or event.

A second such request for a subsequent violation may result in suspension of driving privileges or the right to apply for driving privileges until the student is age 21.

A meeting with the parent or guardian will be held prior to submitting such request to ODOT.

A student may appeal district decisions regarding driving privileges under established due process procedures for suspensions and expulsions.

** In accordance with Oregon law, any person under age 18 possessing a tobacco product commits a Class D violation and is subject to a court-imposed fine as provided by ORS 167.400. Any person who distributes, sells or causes to be sold, tobacco in any form or a tobacco-burning device, to a person under 18 years of age commits a Class A violation and is subject to a fine as provided by ORS 163.575. An unlawful drug is any drug not prescribed by a licensed medical practitioner. Unlawful delivery of a controlled substance to a student or minor within 1,000 feet of district property is a Class A felony as provided by ORS 475.999.

*** Under state and federal law, expulsion from school is required for a period of not less than one year for any student who is determined to have brought a weapon to school. The superintendent may modify the expulsion requirement for a student on a case-by-case basis. Additionally, in accordance with Oregon law, any person who intentionally possesses a firearm or other dangerous weapon in or on district property or recklessly discharges a firearm in school is subject to criminal prosecution, a maximum five years imprisonment, \$125,000 fine and forfeiture of firearm and/or other dangerous weapon or both. Any person 13 to 17 years of age convicted of intentionally possessing a firearm in a public building is subject to denial of driving privileges for 90 days.

Dangerous weapon is defined in Oregon law as any weapon, device, instrument, material or substance which, under the circumstance in which it is used, attempted to be used or threatened to be used, is readily capable of causing death or serious injury.

Deadly weapon is defined as any instrument, article or substance specifically designed for and presently capable of causing death or serious physical injury.

Firearm is defined in federal law as any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive. This includes the frame or receiver of any such weapon or firearm, muffler or silencer.

Destructive device is defined as any device with an explosive, incendiary or poison gas component or any combination of parts either designed or intended for use in converting any device into a destructive device or from which a destructive device may be readily assembled. A destructive device does not include any device which is designed primarily or redesigned primarily for use as a signaling, pyrotechnic, line-throwing, safety or similar device. In accordance with the federal Gun-Free School Zone Act, possession or discharge of a firearm in a school zone is prohibited. A "school zone" as defined by federal law means, in or on school grounds or within 1,000 feet of school grounds.

CONFERENCES

Regular conferences are scheduled annually to review student progress.

Students and parents may also expect teachers to request a conference: (1) if the student is not maintaining passing grades or achieving the expected level of performance; (2) if the student is not maintaining behavior expectations; or (3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher or principal. A parent who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher's preparation period or request that the teacher call the parent to arrange a mutually convenient time.

COURSES

A complete list of course offerings can be found in the appendix.

CORRESPONDENCE COURSES

A student in grades 9-12 may earn credit by correspondence. These credits may be applied toward state or local graduation requirements. All correspondence courses taken for credit must be approved by the principal **prior to enrolling** in such courses.

COUNSELING**

Academic Counseling

Students are encouraged to talk with district teachers and building administrators in order to learn about the curriculum, course offerings and graduation requirements. All students in grades 9-12 and their parents shall be notified annually about the recommended courses for students. Students who are interested in attending a college, university or training school, or pursuing some other advanced education should work closely with their principal and teachers so that they may take the courses that will best prepare them for further work. The library can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

CREDIT BY EXAMINATION

A student who has had sufficient prior formal instruction, as determined by the district and on the basis of a review of the student's educational records, may gain credit for a course by passing an examination based on the common curriculum goals of the course. A student may not use credit by examination to regain eligibility to participate in extracurricular activities.

DAMAGE TO DISTRICT PROPERTY

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. The district will notify the student and parent. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and the student's grade reports, diploma and records may be withheld. See Fee, Fines and Charges.

DANCES/SOCIAL EVENTS

The rules of good conduct and grooming shall be observed for school dances and social events. Corbett students must receive prior approval in writing from the principal or designees in order to bring a guest. Guests will be expected to observe the same rules as students attending the events. The person inviting the guest will share responsibility for the conduct of the guest. A student attending a dance or social event may be asked to sign out when leaving before the end of the activity. Anyone leaving before the official end of the activity will not be readmitted. Students not yet in 9th grade are not allowed to attend high school dances. High school students may not attend middle school dances.

DISCIPLINE/DUE PROCESS**

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

The district's disciplinary options include using one or more discipline management techniques including counseling by teachers and administrators, detention, suspension, expulsion, loss of driving privileges and loss of right to apply for driving privileges, loss of privileges, honors and awards and removal to an alternative education program.

Disciplinary measures are applied depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

Detention

A student may be detained outside of school hours on one or more days if the student violates the Student Code of Conduct. The detention shall not begin, however, until the student's parents have been notified of the reason for the detention and can make arrangements for the student's transportation on the day(s) of the detention.

Suspension

A student may be suspended from school for up to and including 10 school days for willful violations of the Student Code of Conduct. The district may require a student to attend school during nonschool hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

Expulsion

A student may be expelled for severe or repeated violations of the Student Code of Conduct.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

Discipline of Disabled Students

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a nondisabled student, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a disabled student or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearings officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

DISTRIBUTION OF MATERIAL

All aspects of school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a nonstudent without the approval of the administration.

Materials not under the editorial control of the district must be submitted to the principal for review and approval before being distributed to students. Materials shall be reviewed based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written, inadequately researched, is biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias. Materials include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction for approval of the district.

If material is not approved within 24 hours of the time that it was submitted, it must be considered disapproved. Disapprovals may be appealed by submitting the disapproved materials to the superintendent; material not approved by the superintendent within three days is considered disapproved. This disapproval may be appealed to the Board at its next regular meeting when the individual shall have a reasonable period of time to present his/her viewpoint.

DRESS, GROOMING and SPEECH

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards. Dress which disrupts school or school activities will not be tolerated. Examples of inappropriate dress include gang related or drug/alcohol related articles or slogans, short shorts, midriff shirts, revealing dresses, halter tops, slip dresses, etc. Profanity and disruptive slogans or inappropriate pictures on clothing will not be permitted. If a student's dress is judged to be inappropriate, the student will be asked to change or call home for different clothes. If a student refuses to change or repeatedly comes to school inappropriately dressed, he/she may be asked to leave campus. Continued violations of the dress code will be treated as refusal to comply with direction from the school staff.

In line with the school's mission, language that is obscene, inflammatory or otherwise disruptive will not be tolerated.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the principal or teacher/coach/director and may be denied the opportunity to participate if those standards are not met.

DRILLS - FIRE, EARTHQUAKE AND OTHER EMERGENCY DRILLS

Instruction on fire and earthquake dangers and drills for students shall be conducted for at least 30 minutes each school month.

At least one fire drill will be conducted each month for students in grades K-12.

At least two drills on earthquakes for students will be conducted each year for students in grades K-12.

A map/diagram of the fire escape route to be followed is posted near all classroom doorways and reviewed with students. When the fire alarm is sounded, students must follow the direction of staff quickly, quietly and in an orderly fashion.

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM**

The possession, selling and/or use of illegal and harmful drugs, alcohol and tobacco is strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Student in violation of the district's drug, alcohol and tobacco policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

The district's drug, alcohol and tobacco prevention program will be reviewed and updated annually. Parents are encouraged to contact the principal's office for information on district and community resources available to assist students in need.

EMERGENCY MEDICAL TREATMENT

A student who becomes ill or is injured at school must notify his/her teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.

EMERGENCY SCHOOL CLOSING INFORMATION

In case of hazardous or emergency conditions, the superintendent may alter district and transportation schedules, as are appropriate to the particular condition. Such alterations include closure of all schools, closure of selected schools or grade levels, delayed openings of schools and early dismissal of students.

EXTRACURRICULAR ACTIVITIES

All students, regardless of their ability levels, are encouraged to take part in extracurricular activities and the many worthwhile learning experiences that involvement in student government, student clubs, organizations, athletics and other activities has to offer.

We intend that extracurricular activities will work effectively with the remainder of the school experience to promote the highest possible levels of academic and personal achievement for each student.

In addition to OSAA eligibility criteria, Corbett students will be held to the following standards:

Grades: Corbett students must pass five classes during the previous trimester. (Incomplete grades may be made up at any time. Teachers have four working days to determine whether newly presented work satisfies course requirements and to replace an Incomplete with a passing grade if appropriate.)

Students with three or more unexcused tardies will be suspended from extracurricular activities until after the next contest.

A consistent pattern of absences, violations of the closed-campus policy or tardies may result in long-term ineligibility.

Students are expected to maintain proper decorum. Students who are referred to the office for misconduct will be suspended from extracurricular activities until after the next contest. (Students who do not participate in athletics will forfeit the privilege of participating in the next dance or other school sponsored activity that the administration may designate.

Drug and alcohol use are not permitted. The first offense during a student's high school career at Corbett will result in a 12-week suspension from extracurricular activities. A second offense will result in a 24-week suspension from extracurricular activities. A third offense will result in a permanent ineligibility. These sanctions accumulate for the course of a student's high school eligibility from grade 9 through grade 12.

Extracurricular activities include school-sponsored sports, dances, clubs and other activities that are not part of the school curriculum.

FEES, FINES AND CHARGES**

Materials that are part of the basic educational program are provided without charge to a student. A student is expected to provide his/her own supplies of pencils, paper, erasers and notebooks and may be required to pay certain other fees or deposits, including:

1. Club dues;
2. Security deposits;
3. Materials for a class project the student will keep in excess of minimum course requirements and at the option of the student;
4. Personal physical education and athletic equipment and apparel;
5. Voluntary purchases of pictures, publications, class rings, graduation announcements, etc.;
6. Student accident insurance and insurance on school-owned instruments;
7. Student identification cards;
8. Fees for damaged library books and school-owned equipment;
9. Lock or locker deposits;
10. Field trips considered optional to the district's regular school program;
11. Admission fees for certain extracurricular activities;

12. Participation fees or “pay to play” for involvement in activities.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal

The district will withhold the grade reports, diploma and records of any student who owes a debt of \$50 or more for unpaid school fees, fines and charges. The district may withhold grade reports, diploma and records of students owing less than \$50. All such materials shall be released upon payment of moneys owed. Fees, fines and charges owed to the district may be waived at the discretion of the superintendent or designee if:

1. The district determines that the parent of the student is unable to pay the debt;
2. The payment of the debt could impact the health or safety of the student;
3. The creation of the notice of the debt owned would cost more than the potential total debt collected relating to the notice;
4. There are mitigating circumstances as determined by the superintendent or designee that preclude the collection of the debt.

A written or oral notice will be provided to the student and his/her parent(s) of the district’s intent to collect fees, fines and charges owed. Notice will include the reason the student owes money to the district; the amount; if not paid, the district will withhold the grade reports, diploma and records of the student until the debt is paid; and that the district may pursue the matter through a private collection agency or other method available to the district. Debts not paid within 10 calendar days of the district’s notice to the student and parent will result in the student’s grade reports, diploma and records being withheld until the debt is paid and possible referral of the debt to a private collection agency or other methods available to the district. A request to waive the student’s debt must be submitted in writing to the superintendent or designee. Such requests must be received no later than 10 calendar days following the district’s notice.

FIELD TRIPS

Field trips may be scheduled for educational, cultural or other extracurricular purposes. All students are considered to be “in school” while participating in district-sponsored field trips. This means students are subject to the school’s student conduct rules, applicable Board policy and such other rules as may be deemed appropriate by the field trip supervisor.

FOREIGN EXCHANGE STUDENTS

The school may enroll a maximum of 2 students from other nations from those exchange programs officially recognized by the Board.

Admission of exchange students will be made only at the beginning of a school year. All arrangements for admission in the fall semester must be concluded by August 1, prior to the beginning of the school term.

Foreign exchange students admitted to school under an F-1 Visa status will be required to pay tuition as required by law and at the rate established by the Board. Exchange students attending school under a J-1 Visa will be granted tuition waivers.

Foreign exchange students may be awarded an honorary high school diploma upon satisfactory completion of the school’s prescribed course of study.

FUND RAISING**

Student organizations, clubs or classes, athletic teams, outside organizations and/or parent groups may occasionally be permitted to conduct fund-raising drives.

All funds raised or collected by or for school-approved student groups will be receipted, deposited and accounted for in accordance with Oregon law and applicable district policy and procedures. All such funds will be expended for the purpose of supporting the school's extracurricular activities program. The principal is responsible for administering student activity funds. The student body president serves as the student government representative in administration of student activity funds.

GANGS

No student on or about district property or at any district activity shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge or any other such symbol evidencing gang membership or affiliation. No student shall use any speech, either verbal or nonverbal (gestures, handshakes, etc.) signifying gang membership or affiliation. No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies.

Students in violation of the district's gang policy will be subject to discipline in accordance with the district's Student Code of Conduct.

GRADE CLASSIFICATION

After the ninth grade, students are classified by grade level according to the number of units of credit earned toward graduation.

<u>Units of Credit Earned</u>	<u>Grade Placement</u>
6	10 (sophomore)
12	11 (junior)
18	12 (senior)

GRADE REDUCTION/CREDIT DENIAL

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on nonattendance due to religious reasons, a student's disability or an unexcused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

GRADUATION EXERCISES

Students in good standing who have successfully completed the requirements for a high school diploma, a modified diploma or other certificates of completion or attendance as may be awarded by the district may participate in graduation exercises. Students who have not met the district's diploma or certificate requirements will not be permitted to take part in the district's graduation exercises. Additionally, students may be denied participation in graduation exercises for violation of Board policies, administrative regulations or school rules.

The valedictorian(s), salutatorian(s) or others may be permitted to speak as part of the graduation exercise program at the discretion of the building principal or designee. All speeches will be reviewed and approved in advance by the building principal or designee.

Graduation programs may be planned by the senior class on the date selected by principal. Student speeches may be permitted at the discretion of the district and shall be reviewed and approved in advance by the building principal or designee.

GRADUATION REQUIREMENTS

In order to graduate from high school in the district, a student must successfully complete 24 units of credit. The state of Oregon requires all students to complete a certain series of courses.

A student in the regular high school program is required to complete the following courses: language arts (4 units); mathematics (3 units); science (3 units); social science (including history, civics, geography and economics and including personal finance) (3 units); physical education (1 unit); health education (1 unit); fine arts (1 unit); second language (1 unit); advisory (1 unit); CRL, Extended Application and Service learning (3 units) and electives (3 units) for a total of 24 units.

Additionally, students must:

1. Develop an education plan and build an education profile;
2. Build a collection of evidence, or include evidence in existing collections, to demonstrate extended application as defined in OAR 581-022-0102;
3. Demonstrate career-related knowledge and skills as defined in OAR 581-022-1130 (5);
4. Participate in career-related learning experiences as outlined in the student's education plan.
(See Appendix for a complete list of graduation requirements and diploma structures.)

HOMELESS STUDENTS

The district provides full and equal opportunity to students in homeless situations as required by law, including immediate enrollment. School records, medical records, proof of residence or other documents will not be required as a condition for admission. A student is permitted to remain in his/her school of origin for the duration of his/her homelessness or until the end of any academic year in which he/she moves to permanent housing.

Transportation to the student's school of origin will be provided, at the request of the parent, or in the case of an unaccompanied student, at the request of the district's liaison for homeless students. For additional information concerning the rights of student and parents of students in homeless situations or assistance in accessing transportation services, contact the superintendent, the district's liaison for homeless students.

HOMEWORK

Homework is assigned to provide students an opportunity to practice independently what has been presented in class, to improve the learning processes, to aid in the mastery of skills and to create and stimulate interest. Whatever the task, the experience is intended to be complementary to the classroom process.

IMMUNIZATION**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or religious reasons, the student should not be immunized. Proof of immunization may be personal records from a licensed physician or public health clinic.

Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as he/she has met immunization requirements. Parents will be notified of the reason for this exclusion. A hearing will be afforded upon request.

INFECTION CONTROL/HIV, HBV AND AIDS**

Although HIV, AIDS and HBV* are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person.

Since any risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

Infection/Disease Instruction

An age-appropriate plan of instruction about infections/diseases including AIDS, HIV, HBV and HCV has been included as an integral part of the district's health curriculum. Any parent may request that his/her student be excused from that portion of the instructional program required by Oregon law by contacting the principal for additional information and procedures.

Students or parents with questions about the district's AIDS, HIV, HBV and HCV health education program should contact Holly Dearixon

HIV, HBV, AIDS - Students

As a general rule, a student six years of age or older infected with HIV or HBV, and who does not present special risks to others in an educational setting is entitled to remain in a regular classroom setting and eligible for all rights, privileges and services as provided by law and Board policy. The district recognizes that a student (parent) has no obligation to report an HIV or HBV condition diagnosis to the district.

“Special risk” student means those students infected with HBV or HIV whose health-care provider has reasonable grounds to believe present special risk to other students or adults in an educational setting. Such special risks include, but are not limited to, a student's ongoing history of biting others.

If the district is informed, the district is also prohibited by law from releasing information unless the infected person or parent gives permission for such release.

If a student (parent) wishes to divulge such information and continues attending school, the district will meet with the infected individual or representative to develop appropriate procedures.

Parents of an HIV student five years of age or younger, or any other HIV student deemed special risk by the student's health-care provider, as well as parents of any student with AIDS, are required to notify the superintendent of the student's infection in order for the student to be granted permission to continue to attend school. Failure to do so will result in an order by the Oregon Department of Human Services, Health Services, or local health department excluding the student from school or the parent may voluntarily withdraw the student from school. In either case, students and parents will be notified of

alternative education programs.

Individuals with questions regarding these requirements of law or district procedures should contact the school nurse

* HIV - Human Immunodeficiency Virus; HBV - Hepatitis B Virus; AIDS - Acquired Immune Deficiency Syndrome; HCV - Hepatitis C Virus.

INSURANCE**

At the beginning of the school year, the district will make available to students and parents a low-cost student accident insurance program. Parents are responsible for paying premiums (if coverage is desired) and for submitting claims through the district office. The district shall not be responsible for costs of treating injuries or assume liability for any other costs associated with an injury.

Before participating in a school-sponsored trip outside the district or in school-sponsored athletics, students and parents must have: (1) purchased the student accident insurance; (2) shown proof of insurance; or (3) signed a form rejecting the insurance offer.

LOCKERS

Lockers and other district storage areas provided for student use remain under the jurisdiction of the district even when assigned to an individual student. The district reserves the right to inspect all lockers. A student has full responsibility for the security of the locker and is responsible for making certain it is locked and that the combination is not available to others. Valuables should never be stored in the student's locker. Lockers may be routinely inspected without prior notice to ensure no item which is prohibited on district premises is present, maintenance of proper sanitation, mechanical condition and safety and to reclaim district property including instructional materials.

Any articles found in the school or on district grounds should be turned in to the school office. Unclaimed articles will be disposed of at the end of each trimester.

Loss or suspected theft of personal or district property should be reported to the school office.

The district participates in the National School Lunch and Commodity Programs and offers free and reduced-price meals based on a student's financial need.

Additional information can be obtained in the office.

MEDIA ACCESS TO STUDENTS

Media representatives may interview and photograph students involved in instructional programs and school activities, including athletic events. Information obtained directly from students does not require parental approval prior to publication.

Parents who do not want their student interviewed or photographed should direct their student accordingly.

District employees may release student information only in accordance with applicable provisions of the education records law and Board policies governing directory information and personally identifiable information.

MEDICINE AT SCHOOL**

Students may be permitted to take prescription or nonprescription medication at school or at school-sponsored activities on a temporary or regular basis, when necessary.

District-Administered Medication

Requests for the district to administer medication shall be made by the parent in writing.

Written instructions of the physician are required for all requests to administer prescription medication. Such instructions must include the following information: name of the student, name of the medication, dosage, route, frequency of administration and any special instructions. A prescription label meets the requirements for written instructions from the physician, if the information above is included.

Written instructions of the parent which include the information above are required for all requests to administer nonprescription medication.

All medication to be administered by the district is to be brought to school by the parent in its original container. Medication not picked up by the parent with five school days of the end of the medication period or at the end of the school year, whichever occurs first, will be disposed of by the district.

Self-Medication

Students in grades 9-12 are permitted to self-medicate prescription and nonprescription medication upon written request of the parent and building principal permission. In the case of prescription medication, permission from the physician is also required. Such permission may be indicated on the prescription label. Other students who must carry medication may also be permitted to self-medicate when the necessary permission form and written instructions have been submitted.

All medication must be kept in its appropriately-labeled, original container. The student's name is to be affixed to nonprescription medication.

Students may have in their possession only the amount of medication needed for that school day. Sharing or borrowing medication is strictly prohibited.

Permission to self-medicate may be revoked if the student is found to be in violation of these requirements. Students may also be subject to disciplinary action.

Contact the school office for additional information and forms.

PARENTAL INVOLVEMENT**

Education succeeds best when there is a strong partnership between home and school. As a partnership thrives on communication, the district asks parents to:

1. Encourage their students to put a high priority on their education and to commit themselves to making the most of the educational opportunities the district provides;
2. Keep informed on district activities and issues. The district newsletter published monthly, “Back to School” nights and parent/booster club meetings provide opportunities for learning more about the district;
3. Become a district volunteer. For further information contact the classroom teacher or principal;
4. Participate in district parent organizations.

PARENTAL RIGHTS

Parents of students may inspect any survey created by a third party before the survey is administered or distributed by the school to students. Parents may also inspect any survey administered or distributed by the district or school containing one or more of the following items:

PERSONAL COMMUNICATION DEVICES

Students may possess personal communication devices, such as pagers or cellular phones in district facilities during the school day only as authorized by the administration. A “personal communication device” is a device that emits an audible signal, vibrates, displays a message or otherwise summons or delivers a communication to the possessor.

Students permitted to possess a personal communication device are prohibited from having the device on active mode during class time. Use and possession of such devices at school-sponsored activities or at other times during the school day will be determined by the building principal.

Students found in violation of the personal communication device use and possession prohibitions of Board policy and rules as established by the building principal will be subject to disciplinary action. The device may be confiscated and will be released to the student’s parents.

PHYSICAL EXAMINATIONS**

Students in grades 7 through 12 must have a physical examination performed by a physician prior to practice and competition in athletics and shall additionally have a physical examination once every two years and after either a significant illness or a major surgery prior to further participation.

The physical examination is the responsibility of the parent/student and is to be paid for by the parent/student.

All such requests should be directed to the principal by the parent in writing and include the reason for the request.

PROMOTION, RETENTION AND GRADE LEVEL PLACEMENT OF STUDENTS**

A student shall be promoted from one grade to the next on the basis of academic, social and emotional development.

Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the student involved.

A decision to retain or accelerate a student will be made only after prior notification and explanation to the student's parents. The final decision will rest with school authorities.

Students in grades 9-12 will be promoted or retained in accordance with state and district graduation requirements.

Students will be placed in the grade level or program best suited to meet their needs, based on the district's evaluation of the student's transcript and/or other documentation, assessment, portfolio/work sample evidence, etc., as may be required by the district.

If the student is unable to provide appropriate documentation, the building principal will make the grade level or program determination placement based on district-administered assessment(s) as deemed appropriate.

RELEASE OF STUDENTS FROM SCHOOL**

A student shall not be released from school at times other than regular dismissal hours except with the principal's permission or according to school sign-out procedures. The teacher will determine that permission has been granted before allowing the student to leave. A student will not be released to any person without the approval of his/her parent or as otherwise provided by law.

REPORTS TO STUDENT AND PARENTS**

Written reports of student progress and absences shall be issued to parents at least three times a year. Parents will be notified of student benchmarks and performance on state exams. Letter grades will be used for students in grades 9-12. Progress reports will be based on many factors including assignments, both oral and written; class participation; special assignments; research activities and other identified criteria.

At the end of the first six weeks of a reporting period, the district will report the student's progress to the student and parent when the student's performance is below average or below the expected level.

SEARCHES**

Searches

District officials may search the student, his/her personal property and property assigned by the district for the student's use at any time on district property or when the student is under the jurisdiction of the school. Such searches will be conducted only when there is reasonable suspicion to believe evidence of a violation of a law, Board policy, administrative regulation or school rule is present in a particular place.

Searches will not be excessively intrusive in light of the age, sex, maturity of the student and nature of the infraction. Strip searches are prohibited by the district.

District officials may also search when they have reasonable information that emergency/dangerous circumstances exist.

District-owned storage areas assigned for student use, such as lockers and desks, may be routinely inspected at any time. Such inspections may be conducted to ensure maintenance of proper sanitation, to check mechanical conditions and safety and to reclaim overdue library books, texts or other instructional materials, property or equipment belonging to the district.

Questioning

Should law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the principal or designee will be present, when possible. An effort will be made to notify the parent of the situation.

Parents are advised that in suspected child abuse cases, the Oregon Department of Human Services, Community Human Services, and/or law enforcement officials may exclude district personnel from the investigation procedures and may prohibit district personnel from contacting parents.

SENIOR TRIPS/Senior Skip Day

The district does not authorize or endorse senior trips or senior skip days.

District Personnel Complaints

A student or parent who has a complaint concerning a classroom/teacher issue should first bring the matter to the appropriate teacher. If the outcome is not satisfactory, a conference with the assistant principal can be requested with five calendar days. If the outcome of this conference is not satisfactory, the student or parent may file a written, signed complaint with the superintendent, within 15 calendar days, who will investigate the complaint and render a decision. If the complainant is dissatisfied with the decision of the superintendent, he/she may appeal to the Board in care of the superintendent with 10 calendar days following receipt of the superintendent's decision. The superintendent will provide the complainant with necessary Board appeal procedures. Board decisions are final.

Students with Sexual Harassment Complaints

Sexual harassment by staff, students, Board members, school volunteers, parents, school visitors, service contractors or others engaged in district business is strictly prohibited in the district. Additional information regarding filing a complaint may be obtained through the building principal, compliance officer or superintendent.

Changes to the above procedure may be made if an administrator is named in the complaint or reported incident.

Confidentiality will be maintained. The educational assignments or study environment of the student shall not be adversely affected as a result of the good faith reporting of sexual harassment.

Students or parents with complaints not covered by this student handbook should contact the principal.

STUDENT EDUCATION RECORDS**

Access/Release of Education Records

By law, both parents, whether married, separated or divorced, have access to the records of a student who is under 18 unless the district is provided evidence that there is a court order, state statute or legally-binding document relating to such matters as divorce, separation or custody that specifically revokes these rights.

Parents of a minor, or an eligible student (if 18 or older), may inspect and review education records during regular district hours.

Provision for Hearing to Challenge Content of Education Records

Parents of a minor, or eligible student (if 18 or older), may inspect and review the student's education records and request a correction if the records are inaccurate, misleading or otherwise in violation of the student's privacy or other rights. If the district refuses the request to amend the contents of the records, the requester has the right to a hearing as follows:

1. Parents shall make request for hearing in which the objections are specified in writing to the principal;
2. The principal shall establish a date and location for the hearing agreeable to both parties;
3. The hearings panel shall consist of the following:
 - a. The principal or designated representative;
 - b. A member chosen by the parent;
 - c. A disinterested, qualified third party appointed by the superintendent.
4. The hearing shall be private. Persons other than the student, parents or guardians, witnesses and counsel shall not be admitted.

An individual who does not have a direct interest in the outcome of the hearing shall preside over the

panel. He/She shall hear evidence from the staff and from the parents to determine the point or points of disagreement regarding the education records. The panel shall make a determination after hearing the evidence and determine what steps, if any, are to be taken to correct the education record. Such actions are to be made in writing to the parents.

If, after such hearing is held as described above, the parents are not satisfied with the recommended action, the parents may appeal to the Board where the action of the hearings panel may be reviewed and affirmed, reversed or modified. Procedure for appeal beyond the local Board follows the prescribed actions as set forth in federal regulations. The parent or eligible student may file a complaint with the Federal Family Compliance Office, United States Department of Education regarding an alleged violation of the Family Educational Rights and Privacy Act. File complaints with the Family Policy Compliance Office, U.S. Department of Education, Washington D.C., 20202.
