Belle Regalado

Thankful poem

Thank you for making me and my sister waffles in the morning,
For letting me help cook dinner,
For helping me with my homework,
I am thankful for my grandparents.

Thank you for always making me laugh,
For running around with me,
For swimming in the pool with me,
I am thankful for my cousins.

Thank you for sharing all of your toys with me,
For always being able to help me with my math,
For always playing games with me,
I am thankful for my sister.

Thank you for always being there for me,
For always supporting me,
For always taking us on fun trips,
I am thankful for family.
