

Robotics Summer Day Camp!

2 Sessions:

July 9th - 13th and July 16th - 20th - 9:30am - 2:30 pm

4th - 7th grade students

In Partnership with the Corbett High School Robotics Team

FRC #6696 - Cardinal Dynamics

Design! Build! Create! Using the LEGO Mindstorms EV3 base set, engineer and explore the exciting world of robotics.

Students will learn robotics engineering principles. They will create and program LEGO robots to solve daily challenges, and learn how to compete in a mock FIRST LEGO League robotics competition.

WHEN: Session 1: July 9th - 13th OR Session 2: July 16th - 20th (students may attend both weeks). 9:30am - 2:30pm

WHERE: Corbett High School science lab - main gym building - 35800 E Historic Columbia River Hwy, Corbett, OR 97019

COST: \$120 per session- 20 student max limit - register soon!

DETAILS:

- Pick up/drop off will be in front of the main gym.
- Students must pack their own lunch. Bring a water bottle.
- A minimum enrollment of 10 students is required.
- Payment must be made directly to the district office no later than 1 week prior to the start of the camp.
