

**WELCOME KATHY CHILDRESS, NEW GR. 6 - 12 VICE-PRINCIPAL!**

Kathy Childress started her education at Cottrell Grade School, continued at Franklin High School in Southeast Portland, and earned her Bachelor of Science Education from Oregon State University. Go Beavs! She had the opportunity to play soccer at OSU, and developed that experience into a coaching career at Lake Oswego and Gresham High schools. Mrs. Childress also taught science and was the coordinator for the International Baccalaureate program at Gresham. She holds a Masters in Educational Leadership from Concordia University.

Mrs. Childress enjoys spending time with her family boating, skiing, and going to the beach. She and her husband Tony enjoy doing yard work, while her kids do not. A beginning beekeeper, Mrs. Childress also spends time keeping the dog away from the beehive. Son Garrett just graduated from OSU with a degree in Civil Engineering, and their daughter Kacy is a sophomore at OSU in Chemical Engineering.

"I am thrilled to be a part of the team at Corbett. Supporting students and families in achieving academic excellence in pursuing their goals is great work. I am looking forward to getting to know the community as well as become an integral part of the district. Go Cards!"

## REMEMBERING LAST YEAR

One year ago the Eagle Creek fire forced the closure of school on Tuesday, September 5th, through Friday, September 8th. Many community members evacuated their homes in the early hours of Monday morning as the warnings reached levels 2 and 3. More evacuated in the days that followed as the level 3 zone expanded. This is a time none of us will forget.

We are forever indebted to the local volunteer firefighters of Fire District #14, the many fire departments that responded from all across Oregon and surrounding states, the Pike Hotshots from Colorado, the Multnomah County sheriff deputies, the Citizen Patrol, first responders, US Forest Service workers, ODOT workers, the Red Cross, the organizations who helped move horses and other animals, and so many local community volunteers who rallied to help.

The Corbett School District would like to express our continued thanks for all you did then, and all you do now.

This ritual occurs every afternoon of a school board meeting so board members and the public can enjoy a delicious treat that evening!

## A NOTE FROM THE DIRECTOR

*A Year with Frog and Toad.*

*Sounds crazy, no?*

*You might ask yourself, "Why? Why would she pick something like that?"*

*You might be thinking, "This sounds like a kids show."*

*"It sounds cutesy. It sounds stupid. It sounds boring."*

*Let me tell you, it IS a kids show. It IS cutesy. Because it is a show for kids. For kids to watch. Because children will listen.*

*Okay, okay, enough with the check one, two theater reference routine.*

### **Why would I pick a show like Frog and Toad?**

Because in the true renditions of this story, the books, the films, the original Broadway show, the characters brought something special and heartwarming to their audience. They are hilarious, they are accessible, and they are untarnished by the world.

The stories, the characters, the setting, the costumes, all provide a distinct commentary of life and world around us.

Also, it's fun!

### **What is Frog and Toad about?**

Frog and Toad is a slice of life comedy that follows the friendship of a frog and a toad, surrounded by their fellow friends in the woods, through the seasons. It is done in the style of vaudeville and is set to jazzy music that is reminiscent of the 1920s.

If you have read the books, the plot of the show incorporates nearly all of the stories.

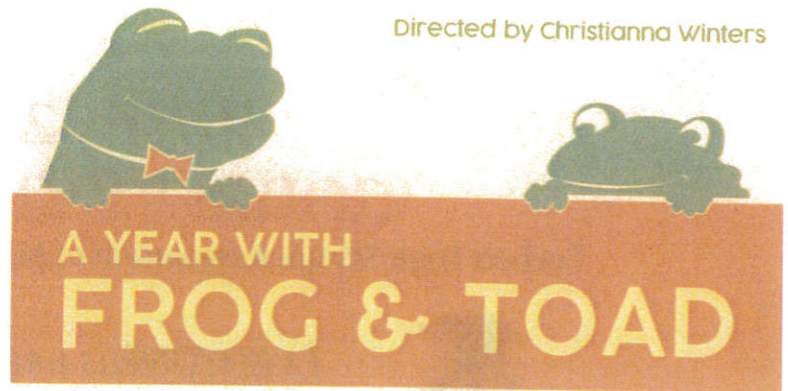

### **What should I know about Frog and Toad?**

I want you to audition! And tell your friends and family to see it!

Additionally, I always encourage you to take to the internet (and, egad, the library) to look at the stories, the films, and the videos of the play. With that in mind, I do caution you: there are many versions of the show that do not do it justice. There are amateur theaters and grade schools making a mockery of the delightfulness that this show has to offer. Do not be discouraged! The show that we are doing will be magnificent, but I can't do it without every actor, crew member, and volunteer. I want you!

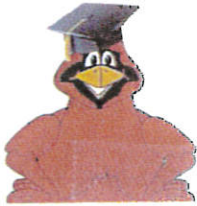

Join us.

## **CEF is SEEKING VOLUNTEERS and BOARD MEMBERS**

As another school year begins to gear up, so do the activities of the Corbett Education Foundation (CEF). Many people learn about CEF when we distribute scholarships at the annual high school graduation ceremony. Others come into contact with us when they attend our “Family Fun Bingo Night”, an annual event which raises money for scholarships awarded to graduating seniors and past graduates of Corbett High School. Though these two occasions are the highlight of our public activities, we are actually busy all year long with various administrative duties, fundraising endeavors, and planning sessions.

Do you have a flair for organization or idea sharing? We have an immediate need for CEF board members with these talents. If you do not wish to become a board member, we have a need for volunteers with similar abilities who only focus on team-oriented projects. Or...if you enjoy completing routine but important administrative tasks, we have open spots there, too. All of these functions can bring the personal satisfaction which comes from volunteering for the benefit of our youth.

Contact our office at 503-261-4252 and let us know how to get in touch with you so we can discuss how you might be able to lend a hand. As an all-volunteer group, our office isn't staffed during regular business hours, but we do have work sessions most Monday evenings from 6:00 to 8:00 pm and we retrieve messages during that time.

We sincerely hope you will consider lending us a hand in supporting Corbett graduates through our scholarship program. Since 2000, we have awarded 608 scholarships totaling \$314,200 and we want to continue to grow our support.

## **Corbett School District #39 Asbestos Policy**

As a result of federal legislation (Asbestos Hazard Emergency Response Act – AHERA), each primary and secondary school in the nation is required to complete a stringent inspection for asbestos and to develop a plan of management for all asbestos containing building materials. Corbett School District #39 has a goal to be in full compliance with this law and is following the spirit, as well as, the letter of the law. As a matter of policy, the district shall continue to maintain a safe and healthful environment for our community's youth and employees.

In keeping with this legislation, all buildings (including portables and support buildings) owned or leased by Corbett School District #39 were inspected by EPA accredited inspectors and samples were analyzed by an independent laboratory. Based on the inspection, the district prepared and the state approved a comprehensive management plan for the safe and responsible handling of asbestos within its buildings.

This past year, Corbett School District #39 conducted the following with respect to its asbestos containing building materials:

Continued periodic surveillance by Corbett School District #39 Maintenance Department

Federal law requires a periodic walk-through (called "surveillance") every six months of each area containing asbestos. In addition, the law requires for all buildings to be re-inspected three years after a management plan is in effect. Institute for Environmental Assessment will accomplish this under contract. Areas where management issues are noted during inspections and surveillance have been and will continue to be dealt with promptly.

Short-term workers (outside contractors – i.e., telephone repair workers, electricians, and exterminators) must be provided information regarding the location of asbestos in which they may come into contact. All short-term workers shall contact the lead maintenance person before commencing work to be given this information.

Corbett School District #39 has a list of the location(s), type(s) of asbestos containing materials found in that school building and a description and time-table for their proper management. A copy of the Asbestos Management Plan is available for review in the Maintenance Office. Copies are available at 25 cents per page. Questions related to the plan should be directed to Mark Wilson, Supervisor of Maintenance, at 503-261-4213.

## **CSD Healthy and Safe Schools Plan**

Per the Oregon Department of Education, each school district must develop a Healthy and Safe Schools Plan for all buildings owned or leased by the school district where students and staff are present on a regular basis. We are happy to share our plan with the community. It can be found on the school website at:

<https://corbett.k12.or.us/wp-content/uploads/2018/09/Healthy-and-Safe-Schools-Plan-FINAL.pdf>

Printed copies can also be obtained in the district office.
