EMERGENCY CLOSURES

When it is determined that weather or other conditions may affect normal school operation, beginning at approximately 5:30 am, telephone calls will be made and emails sent. Radio announcements will begin at about 6 am and be updated every half hour.

Notification of any emergency which could lead to a closure must be directed to the superintendent. He will then decide if the emergency procedure is warranted and should be initiated.

After receiving reports from various sources, the superintendent will make one of the following decisions: continue with a normal school day; impose a two-hour delay (HS would start at 3rd period of a normal day, and run on regular schedule from 3rd period on); exercise a complete school closure throughout the district; or, impose a closure involving specific buildings.

NEW SCHOOL FOOD SHARE PROGRAM

In October a volunteer food services team conducted a one day breakfast and lunch food waste audit to measure how much food we're throwing away. The goal of the audit was to give us a baseline so we can track our progress going forward as we implement food waste reduction strategies. The results of the audit showed that students district wide threw out **157 pounds of food in a single day**, with fruit and milk making up the majority of the waste. **That's 23,079 pounds of wasted food in one school year!**

Daily Food Waste

Corbett School District

To help reduce wasted food (specifically wasted fruit and milk), the Corbett School District is launching a School Food Share Program. This program aims to recover edible food from the school cafeteria to repurpose or redistribute to local food banks.

Each day, students will be invited to donate any whole or packaged foods from their school meals (milk, yogurt, whole, unpeeled/un eaten fruit, string cheese etc.) that is leftover. This food will be collected and redistributed instead of being thrown away. This program will reduce waste, help teach Corbett students about the issues of wasted food and hunger, and save money.

HELP US FUNDRAISE FOR NEW SALAD BARS

In collaboration with Salad Bars to Schools, Corbett is raising funds to install two new salad bars in the cafeteria. The new salad bars will include some much needed items that are currently lacking like chilling pads, lids, and tongs. They will help increase access to fresh fruits and veggies district wide. Please spread the word and consider making a donation at:

Your child's regular attendance in school encourages academic and social-emotional success. Together, families, educators, and community members can support a child's attendance and help each student stay on the path to success.

It doesn't matter whether the absences are excused or unexcused -- each missed day represents missed learning time. Missed days add up quickly: When a student misses as few as 1.5 days a month, that's 10% of the school year. This increases the risk of academic and social-emotional struggles.

About 1 ½ absences a month = 14 days of missed school in a school year.
That's missing almost a month of school!
