NOVEMBER BOND MEASURE - by Interim Superintendent Dan Wold

We are bringing a bond before the voters next month, but many of us fill out and mail our ballots soon after we receive them. So, I am using this month's column to get information out about the bond. Revenue from the bond will partially address aging facilities and educational changes.

The buildings are in disrepair from age and heavy usage. The district's last bond to fund construction of the grade school was approved 26 years ago. This new \$4 million bond is estimated to cost voters approximately \$1.02 per \$1,000 of assessed property value annually. This is less than the average \$2.58 per \$1,000 of assessed value Corbett taxpayers paid annually over the life of the previous grade school bond. Our facilities are also outdated, as a result of increased technology applications, state and federal mandates, and changes in educational standards, curricular focus, and student demographics.

Corbett School District has also secured a \$3,878,367 capital improvement grant from the state, but these "matching funds" will become available only if this bond is approved. If district voters do not approve this measure, these funds will be diverted to another school district. This grant was allocated based on a lottery; we may not have this opportunity at a future election.

With the combined \$7,878,367 of bond and grant funds, the district plans to relocate the middle school and district offices to the Woodard property (permanent facilities are expected to be created at the main campus if future bonds are approved), and begin to address a portion of approximately \$28 million of identified long-term capital improvement needs.

More specifically, if approved, bond and grant funds are expected to finance or refinance the following capital costs:

- Relocation of middle school to Woodard property
- Relocation of district offices to Woodard property
- Renovation of high school facilities
- Grade school roof repairs
- Seismic improvements to multi-purpose building main campus
- Decommission existing middle school facility
- Furnishing, equipping, and improvements to facilities, including for CTE, Title IX and ADA
- Site improvements, refinance loan for land acquisition and improvements, demolition, and bond issuance costs.

Bonds would mature in a period not to exceed eleven years from issuance and financial audits and oversight will be required. If the bond is approved, the district would establish a citizen oversight committee to ensure that bond proceeds are used for the purposes indicated. The citizen oversight committee would make regular reports to the school board throughout the design and construction process. If our proposed use of Woodard property is not approved by authorities having jurisdiction, including Multnomah County, then funds planned for relocating middle school and district offices to Woodard will be used to accommodate them at the main campus. Further information is available on our district website at www.corbett.k12.or.us.

WE WILL MISS YOU DEPUTY GRAZIANO!

On Wednesday, September 16th, a group of folks gathered at the fire hall to say goodbye and wish the best of luck to our Corbett Community Resource Officer, Deputy Joe “Rocky” Graziano. He is retiring after 27 years of service. Almost half of those years were spent here in Corbett, both as our SRO (School Resource Officer) and then as the Community Resource Officer. He has established many strong bonds here!

First and foremost to wish him well were the members of Rocky’s two favorite groups, the Citizen Patrol and the Rusty Zipper Club. Individual community members also joined in to round out the crowd.

For going away presents Rocky was given a binder of photos and memories titled “Deputy Joe”, an embroidered piece with his name and “Thanks for making a difference - Your Corbett Family”, and an original painting of a nighttime scene of the Corbett Country Market by Corbett artist Jerry Mishler. Everyone enjoyed cake, coffee, and visiting with one another.

There aren't many people who have an equal balance of wisdom, kindness, sense of duty, and sense of community. Deputy Graziano is one of those people. We were very lucky to have been graced by his service here. He will be missed, and our best wishes go with him and his family as they start a new chapter in their lives.

Also, many thanks to Michelle Cannon for sharing her wonderful photos!

WELCOME REBECCA BRATTON, NEW BOARD MEMBER

We would like to welcome Rebecca Bratton as the newest member of the Corbett School District Board of Directors. Rebecca was selected to fill the vacated Position #6 at the August 31st special board meeting. She will serve until May 2021, at which time there will be a general election for this position.

WELCOME to SIMONE SOO, OUR NEW K-8 MUSIC TEACHER

Simone Soo is a recent George Fox University graduate and she will be joining the Corbett Grade School and Corbett Middle School as our newest music teacher. Mrs. Soo was originally working on becoming a high school choir teacher, until she spent some time as a student teacher in a grade school and she was hooked! We welcome Mrs. Soo and look forward to her digital and hopefully soon-in-person music lessons!

THANKS for ALLWOOD RECYCLERS and PTA

Last fall, the 4/5 students, along with our ECO partners, planted the front entrance to Corbett Grade School. When COVID hit and then a long hot summer, we noticed that the area needed some love. When we called to order barkdust from Allwood Recyclers in Fairview, we were pleasantly surprised when Heather offered to donate all of the bark and the delivery too! After they delivered eleven yards to our school, our PTA came up on a windy afternoon and helped to spread the bark out! We appreciate both Allwood Recycling and our PTA!

If you have any perennials that you think would thrive in a windy place and are also kid friendly, we would love to add them to our entrance! Just contact Michelle Dawkins at mdawkins@corbett.k12.or.us

This fall the Corbett School District will ask parents/guardians, staff, and students in grades 3-12 to complete the YouthTruth Survey. This partnership is a result of the Student Investment Account grant process that was completed last school year. It became clear that we needed a tool to gather ongoing feedback from our school community regarding what we are doing well and what we can improve. The YouthTruth Student Survey is a nationally recognized survey used in hundreds of schools and districts across the country, surveying hundreds of thousands of students. All the surveys are anonymous and individual ratings are not identified in any reports because results are shared at the group level.

The Student Survey asks students about their experiences in the school and with their teachers, including how engaged they are at school, the rigor of their coursework, and their preparedness for the future.

The Family Survey gives parents and guardians the opportunity to provide feedback for their child's school in areas like culture, engagement, relationships, communication and feedback, school safety, and resources.

The Staff Survey gives school-based staff members the opportunity to provide feedback about their experience as staff members in areas like culture, relationships, engagement, professional development and support, and school safety.

Our school will use this information to assist in the development of plans to help schools and teachers improve. For information about this survey, please visit <http://youthtruthsurvey.org>, or contact Holly Dearixon, at hdearixon@corbett.k12.or.us.

The survey window is from October 5th to the 23rd. The link to the Family Survey will be emailed the first week of October. Parents will receive more information regarding the Student Survey from their child's teacher before the survey is administered. Although we want to hear from as many students, families, and staff as possible, participation is voluntary.

The Student Survey and Family Survey are available in multiple language translations which can be selected from a dropdown menu at the beginning of the survey.

Parents who do not want their child to participate should contact the classroom teacher.

Union apprenticeship programs are going to get a boost at Corbett High School on Oct. 22nd when a virtual day of classes will be educating teachers, educators, and influencers about how to merge the everyday classroom with union apprenticeship opportunities. All high school educators from Corbett High School and surrounding school districts are invited.

The event will start with a welcome introduction and end with closing remarks with four breakout block sessions in between. Some of the breakout sessions will include presentations from union representatives that include Apprenticeship 101, Exploration, Plans for the Classroom, Basic Ironworker Skills, Empower Your Students to Promote Apprenticeship, How Math Adds Up in the Roofing Trade, Recruiting and Retaining Women in the Skilled Construction Trade, Sheet Metal Workers, Construction Origami, plus many more unions apprenticeships will be represented.

The workshops will provide an overview of the Registered Apprenticeship System in Oregon, RA partners and the roles they play, and how interested applicants can apply. Many educators and career counselors feel comfortable supporting their students as they navigate the college path, but with apprenticeship programs they may feel unprepared. This workshop aims to change that. Workshop attendees will walk away with a lesson plan, PowerPoint presentation, and lesson materials so they may teach their students about apprenticeship programs with confidence.

Along with the Oregon Department of Education | Higher Education Coordinating Commission Office of Community Colleges and Workforce Development/Bureau of Labor and Industries, these are unions that are sponsoring the event Assessing Union Apprenticeships.

NOW for SOME MATH HUMOR...

High school teachers Paul Rondema and Roger Binschus teach math via distance learning. They will do algebra, statistics, and trig...but graphing is where they draw the line!

\$3,000.00 DONATED to CSD to FIGHT COVID-19 HUNGER!

We're excited to receive a \$3,000.00 grant from Albertsons, Safeway, and the Albertsons and Safeway Foundation!

During this challenging time, we were fortunate to receive such a generous gift that will help us meet the increased demand for food assistance.

The grant is meant to help fight hunger during the COVID-19 crisis and beyond. As we are all aware, school nutrition programs like ours are stretched beyond capacity due the surge in unemployment and other economic and social fallout from the pandemic. In response to what quickly became a critical need, Albertsons and Safeway began an in-store fundraiser in the early weeks of the pandemic. Their **Help Feed Families During the Crisis** campaign, part of Albertsons and Safeway Foundations' Nourishing Neighbors Initiative, was established to provide the following critical assistance:

- Keep food banks stocked so they can respond to increased demand
- Support emergency meal distribution programs at schools
- Support senior centers and other programs that provide meals and food to seniors
- Help families access federal food programs

Our thanks to Albertsons and Safeway Foundation and Albertsons and Safeway stores and the many customers who donated. Their support, partnership, and generosity are truly making a difference. The next time you're at a local Albertsons or Safeway, please thank the employees and store director for their hard work on this very important fundraiser.

**THANK YOU for SUPPORTING
CORBETT EDUCATION FOUNDATION
SCHOLARSHIPS**

Thanks to the ongoing support of our donors, scholarship payments were mailed in late September to numerous colleges and universities. Even in these unprecedented times, Corbett graduates continue to move forward in furthering their education and your financial aid assists in their achievement of important goals. The Corbett Education Foundation board of directors is greatly appreciative of your help. **THANK YOU FOR YOUR CONTINUED SUPPORT!**

Like many organizations, CEF was forced to postpone our biggest fundraising event, Family Fun Bingo Night, this past spring due to the COVID-19 pandemic and limitations on large gatherings. Some past donors were not able to continue their support because of uncertain/difficult economic conditions. Though these factors will greatly impact the amount of support we may be able to provide Corbett students this next year, we are able to continue some fundraising activities. As restaurants have been allowed to re-open, more and more people are beginning to dine out or continue to take advantage of "To Go" orders and we had an opportunity to earn scholarship dollars through a partnership with Panda Express last month. "THANK YOU" to all the patrons who purchased a meal at Panda Express and assisted us in raising scholarship dollars.

You can once again help us support Corbett students by participating in our next fundraising event on **Wednesday, October 21st**, at the **Chipotle Mexican Grill located on Burnside Street in Gresham**. (Next to the Firestone shop, near Michael's, Big Lots, and Marshall's.) Anytime between **4:00 pm and 8:00 pm** on this date, you can support scholarships by joining this event. Chipotle will pay CEF a percentage of total sales generated by our supporters. You don't pay additional fees. Place your order in-person or online. Details are on the flyer on the next page of this newsletter. Just show a printed or electronic copy of the flyer or mention the code provided. (Delivery orders and/or gift card purchases will not count.)

Should you have any questions regarding this event or other CEF items, please contact any CEF board member. You may send messages to dgranberg@corbitteducationfoundation.org or to tlarsen6200@msn.com. Be advised, these mailboxes are not necessarily monitored on a daily basis, so it may take time to receive a reply.

We thank you for your interest in the Corbett Education Foundation and we hope you are able to join us **at Chipotle on Wednesday, October 21st**!

CAUSE AN EFFECT

Make dinner a selfless act by joining us for a fundraiser to support Corbett Education Foundation. Come in to the Chipotle at **2065 NE Burnside Rd** in Gresham on **Wednesday, October 21st** between **4:00pm** and **8:00pm**. Bring in this flyer, show it on your smartphone or tell the cashier you're supporting the cause to make sure that 33% of the proceeds will be donated to Corbett Education Foundation.

This has been an unusual start to the school year and now we can add wildfires to this list. My hope is that you and your student(s) are safe and well. This community is strong and works together. We will emerge with closer bonds and great appreciation. Many of us have seen unexpected kindness shown by our neighbors and friends.

It is easy to get focused on the here and now, and rightly so. I would like to encourage you to plan ahead for when our students will return to in-person school.

Recently, my daughter's pediatrician sent out a unique plan for their patients...a drive thru vaccination event. I think it is brilliant. This way, I can schedule an appointment and stay in our car as the medical personnel come to us and give the appropriate vaccine. I do not know how many offices are trying this, but it might be worth asking your healthcare provider if that is a possibility. Flu season will be starting shortly. Your school nurse got her flu vaccine on September 18th. I would encourage those who are able to safely get this vaccine, to put this on your "to-do" list.

"While we can't prevent every cough or sniffle, vaccinations can protect kids and their families from diseases like influenza or whooping cough, which can cause symptoms similar to COVID-19. In areas where communities have to rely on symptoms to decide who should quarantine, the similarity between flu and COVID-19 illnesses could result in more stress for everyone."

<https://www.shotofprevention.com>

The CDC is recommending that "all people six months and older get a yearly flu vaccine."

<https://www.cdc.gov/flu/season/faq-flu-season-2020-2021.htm>

Besides your healthcare provider, here is a list of school based health clinics open for appointments and will have the vaccine available around October 7th.

CHAMPS 2020-21

Greetings parents,

We are concerned that this year may be more challenging to offer fundraising events due to COVID-19, that is why parent participation and engagement is so important this year. You can find us on FB (CHAMPS- Corbett Association of Mamas and Papas of Seniors) or email me at nursetamie13@gmail.com and I will add you to our email list. - Tamie Tlustos-Arnold

2020-21 Bottle & Can Drive:

With Covid-19 this year is more of a challenge as we try to fundraise for our Senior Graduates.

As bottles and cans our biggest fundraiser is already organized, we would like to expand on this if possible. I currently pick up bottles and cans from a grocery store's employee break room every 1-2 weeks. This contribution certainly adds up to our overall balance throughout the year. It's a Win Win for us and our seniors.

We could use your help, if you know of a business or could contact a business, and see if they would like our help in picking up their bottles and cans. Let me know if you are able to do the pick-up. We will want to coordinate which businesses we are reaching out to.

Thank you,

Heather G./ Bottle & Cans Coordinator & Senior Parent, champsoregon@gmail.com
