## FROM INTERIM SUPERINTENDENT DAN WOLD...

We recently had a situation where we had law enforcement dealing with suspected criminal activity in our community and we secured the campuses. This was a precautionary measure, and our students were not directly threatened. Whenever we are notified by law enforcement that there is a suspect at large within our boundaries, we make staff aware, secure the perimeter of our buildings, and keep students indoors. Education activities otherwise continue as normal. Relative to other area school districts, these situations happen rarely here in Corbett, but we treat each occurrence seriously, and debrief afterwards as a leadership team regarding what went well and where we can improve. By the way, I was attending the International School Safety Conference, learning the latest in best practices, when this latest event occurred...

## INCLEMENT WEATHER ANNOUNCEMENTS

When it is determined that weather or other conditions may affect normal school operation, beginning at approximately 5:30 am, telephone calls will be made and emails sent. Radio announcements will begin at about 6 am and be updated every half hour.

Notification of any emergency which could lead to a closure, [or change to virtual learning](#), must be directed to the superintendent. He will then decide if the emergency procedure is warranted and should be initiated.

After receiving reports from various sources, the superintendent will make one of the following decisions: continue with a normal school day; impose a two-hour delay (HS would go to homeroom and then the day would proceed as normal, 2nd period on); [pivot to virtual learning](#); exercise a complete school closure throughout the district; or, impose a closure involving specific buildings.

## SNOWFLAKES OF HOPE

The holidays can be a hard time for many. Unfortunately, we have a few families at Corbett Grade School that are struggling financially and will not be able to provide their children with presents during the holidays. So let's help them out!

On the wall in the grade school entryway, you will find snowflakes with a student's age, gender, and one thing that they would like for the holidays. If you would like to help these students, please take a snowflake off the wall and purchase the item listed. Then, return the new/unused item with the tag attached to the grade school office or your student's teacher. All donations must be turned in **before** Wednesday,

**December 15**, so that the items can be sorted and given to the families before they leave for winter break.

Thank you for making some Cardinal families' holidays a little brighter.

If you have any questions, please contact Melissa Davis (McKinney-Vento Liaison) at [Mdavis@corbett.k12.or.us](mailto:Mdavis@corbett.k12.or.us)

## Manufacturing at Corbett

The manufacturing class at high school has spent the 1st trimester learning about different strategies and processes of manufacturing. Understanding ideas such as Kaizen and Lean principles, the class has discussed the differences between small scale artisan processes and global mass production. In addition students have been learning the hand tools and workflow involved with sheet metal work, CAD for creating designs prior to production, and metal cutting with our plasma cutter. Any donations of thin gauge sheet metal would be appreciated! (16-20ga, mild steel or aluminum). Contact Zach Goude: [zgoude@corbett.k12.or.us](mailto:zgoude@corbett.k12.or.us)

## FIRST Robotics Competition

Once again, students from Corbett High School are planning on participating in the global FIRST Robotics Competition. This is the main focus of the high school's Industrial Control and Design Class. Students have spent this past trimester learning the ins and outs of both small and industrial scale automation processes: pneumatic actuation, computer programming and control, power and power distribution, computer aided design, and manufacturing techniques. This year's competition theme is Rapid React. Corbett is among many teams from around the world excited and looking forward to in-person competition once again this year. Competing in the FIRST Robotics Competition is a costly, but worthwhile endeavor. Students learn business and marketing skills as they are responsible for fundraising and managing finances for the team. If you'd like to donate to the class or sponsor the robot this year, feel free to request more information by contacting [robotics@corbett.k12.or.us](mailto:robotics@corbett.k12.or.us)

## DIVERSE VOICES, EVENTS, & ACHIEVEMENTS

[Aceia Spade](#), a senior at Churchill High School in Eugene, Oregon, was named National Miss Juneteenth by the Washington Post. Spade received a college scholarship and will spend the year representing Juneteenth Oregon and the National Juneteenth Observance Foundation, as well as spreading Juneteenth awareness locally and nationally.

Aceia Spade will meet later this month with Oregon Gov. Kate Brown to discuss ways to educate more Oregonians about the holiday, according to Juneteenth Oregon.

[December 1st is Rosa Parks Day](#). Mrs. Parks was an American activist in the civil rights movement best known for her pivotal role in the Montgomery bus boycott. The U.S. Congress has called her "the first lady of civil rights" and "the mother of the freedom movement".

On December 1, 1955, in Montgomery, Alabama, Mrs. Parks, a seamstress at a local department store, rejected a bus driver's order to relinquish her seat to a white passenger. After her arrest for civil disobedience in violating

Alabama segregation laws, the black community boycotted the Montgomery buses for over a year. A federal Montgomery bus lawsuit resulted in a decision that bus segregation is unconstitutional under the Equal Protection Clause of the 14th Amendment to the U.S. Constitution.

*Fresh Paint*, a partnership between Open Signal and the Regional Arts & Culture Council, provides emerging artists of color with a paid opportunity to paint a public mural for the first time in Portland. The latest temporary mural was created by [Jose Ruiz Valentine](#), a 20-year old Portland artist who graduated from Rosemary Anderson High School in 2019. The mural design reflects Valentine's Chicano history and culture. The colorful design depicting a serpent and catholic imagery is titled *Venerated Mother*.

[December 10th is International Human Rights Day](#). On December 10, 1948, the U.N. General Assembly adopted the Universal Declaration of Human Rights, a milestone document proclaiming the inalienable rights which everyone is inherently entitled to as a human being regardless of race, color, religion, sex, language, political or other opinion, national or social origin, property, birth or other status. Available in over 500 languages, according to Guinness World Records it is the most translated document in the world.

"Where, after all, do universal human rights begin? In small places, close to home -- so close and so small that they cannot be seen on any maps of the world. [...] Unless these rights have meaning there, they have little meaning anywhere. Without concerted citizen action to uphold them close to home, we shall look in vain for progress in the larger world." - [Eleanor Roosevelt](#)

## CROSS COUNTRY TEAM

- And to top it off we've got a strong group of 8<sup>th</sup> grade runners moving up to the high school next year.

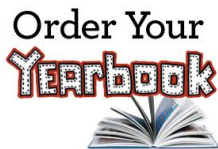

Our XC team will miss our seniors, Diego Lovato, Sawyer Bowman, Elie Pearson and Lance Cooley. Their leadership and impact on their teammates cannot be understated.

If you have any questions about next season, don't hesitate to ask Coach Paul Rondema ([prondema@corbett.k12.or.us](mailto:prondema@corbett.k12.or.us)).

## FROM the HEALTH ROOM

This has been a very busy season for the Health Room and we have enjoyed getting to connect with many of our families and students. I am amazed at the resiliency and how each family is working hard to keep the community healthy.

The cold, wet weather is now here and I can personally attest just how strong the east wind can blow!

Many of our students will be enjoying playing in the snow soon. Layering your student's clothing and using some of the CDC guidance is an easy way to prevent hypothermia and frostbite.

The CDC advices:

- a scarf or knit
- mask that covers face & mouth
- mittens or gloves
- water-resistant boots
- a hat
- a water-resistant coat
- several layers of loose-fitting clothing

The CDC further recommends that: "When going outside in winter make sure body parts most often affected by frostbite are covered in warm, dry clothing."

- nose
- ears
- toes
- cheeks
- chin
- fingers

This website has great information and posters that give students a visual reminder on winter safety: <https://www.cdc.gov/cpr/infographics/ast-frostbite.htm>

Please reach out to the Health Room for any questions or concerns that we can assist you with.

## Santa at Old McDonald's Farm, Inc. (a non-profit, children's program)

On December 4th, get that perfect picture with Santa by a professional photographer.

We have extended the day with new times due to demand.

Sip hot chocolate, roast marshmallows and enjoy the covered fire, listen to Christmas music, shop in our Farm Store, purchase a hand-made wreath, groom a horse, and sample a Christmas cookie. For the first time ever, Deter Dog (our smallest dachshund) will be dressed as a

Santa dog and you can take fun pictures with him also.

This event happens rain or shine...come join us, we have lots of covered spaces to get out of the weather. See our educational Farm Program for kids and meet our horses, cow, goats, pig, chickens, dogs and cats too!

Enjoy the start of the Christmas season with us. Please see [oldmcdonaldsfarm.org](http://oldmcdonaldsfarm.org) for more details and to register click on Santa Day Event.
