FROM INTERIM SUPERINTENDENT DAN WOLD...

Volunteers: We are now able to allow a limited number of volunteers into the classrooms! Classroom volunteers must be fully immunized and wear approved face covering. Contact your student's principal if you are interested.

New Quarantine Guidance: Two modified quarantine programs will begin in January. Under Test-to-Stay, unvaccinated students who are determined to be a "close contact" due to a classroom exposure, and are not having any symptoms of COVID, can take an antigen test. If the student tests negative, the student's quarantine is modified. The student may stay in school and participate in all activities, but must wear a mask at all times except when actively eating or drinking, including during athletics participation.

Another test is administered 5-7 days into the quarantine, and if that test is negative and the student remains asymptomatic, the student may remain in school and no further testing is needed. A signed parent permission form needs to be on file at school before school personnel can test a student.

The other modification applies to students who are quarantined due to an exposure outside the classroom. In this program, students who are unvaccinated and asymptomatic can take an antigen test on their seventh day after their exposure, and if the test is negative may return to school on day eight.

Complete information can be found through this link:

<https://sharedsystems.dhsoha.state.or.us/DHSForms/Served/le3560.pdf>

Corbett Athletics: A small group of passionate stakeholders is looking at ways we might improve the athletic experience during their years in Corbett School District. For the most part, our teams are experiencing success, and under the latest OSAA proposal we will be moving down a division to 3-A. This is an opportune time to look at the overall program. The group is meeting monthly to answer these questions:

1. Where are we now in terms of offerings, participation, success, facilities, and budgets? (December and January)
2. Where would we like to be in terms of offerings, participation, success, facilities, and budgets? (February and March)
3. How can we get there? (April and May)

We hope to leave this plan, with action steps and timelines, by the end of June for my successor.

Athletic Contests: Speaking of athletics, OSAA and MCHD still require that proper face coverings be worn by spectators at indoors venues. Our individual opinions on this issue, and what they do in other states and counties, can make this confusing and frustrating. Still, your cooperation is not only appreciated but required; we can be fined, sanctioned and have to forfeit contests as a result of noncompliance. I dislike wearing a mask as much as the next guy, but I figure if our 6-year-olds can wear a mask for seven hours I can wear one for the length of a game...

Bond Project: Design for the Woodard Campus (future Corbett Middle School) is complete and we are waiting for approval from multiple agencies. Several people have asked about the usefulness of the now-empty building on East Historic Columbia River Highway that is adjacent to our property (old grade school site) and across from the post office. It was before my time, but I have been told by board members that this option was thoroughly investigated four years ago and eliminated due to ADA and septic issues. We are continuing work on preparing to take the Grade School re-roofing project to bid.

Appreciation: I want to publicly thank retiring office assistant Debbie Schneider and retiring transportation specialist Joe Schneider for the friendliness and support they showed me. I wish them all the best!

CAPS ARTISTS

Rachel Gomez

I am Rachel Gomez and I made this art. I used Chrome canvas to make it, and I thought it was fun to make. A challenge I had is that I couldn't make enough separate layers to do a lot of detail, but I managed to switch it around a bit and it worked out. Something I would do differently is I would take more time on it instead of rushing the details. Otherwise, it's one of my favorite digital pieces of art.

Gavin Schurz

Name: Shining Titan

Medium: Color pencil on paper

I made this art piece for my art class with Mr. Long. I used a yardstick to make lines across the paper, and traced the shape of a piece of paper I had cut out with an exacto knife. I picked 4 random colors, red, orange, green, and blue, and arranged them in a random order, the one you see on the piece. When I got to the space of the traced cutout, I changed the order of the colors. I like how it stands out, but you also have to look at how it changes.

8/9 ACADEMY & HS STUDENTS of the MONTH - DECEMBER!

8th Grade: Elliot Greene - Thoughtful and engaged kid who makes a solid effort in class every single day. - Mr. Cooper

They are a positive energy in an otherwise chaotic (spirited) class. They have an innate curiosity for math-related concepts and I can typically see them working on puzzles in their mind. A real pleasure to work with! - Ms. Bassell

Elliot brings great energy and enthusiasm to yoga! - Ms. Ducey

Elliot, your creative focus is noticed in Art (the Cubism is there, I tell you) and your positive spirit at Cross Country this Fall was appreciated by all. Great job! - Mr. Young

Elliot was absolutely a gem in my online class last year! Always attentive, polite, industrious, and likeable by all. - Mr. Blaeuer

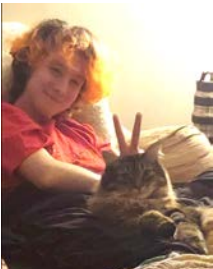

9th Grade: Kaylee Manriquez - Kaylee is a tenacious learner who enhances class discussion with thoughtful questions. She is determined to maintain academic success in high school to set her up for the best future possible. I am very proud of her. - Ms. Radulesk

Kaylee has been a pleasure to have in my class in 1st period. Not only do I appreciate her thoughtful questions and willingness to participate, but she always takes down the chairs in the morning and genuinely seems excited to be in class. - Mr. Aye

Kaylee, I see your hard work pay off each week in art. You've done a great job capturing proportion and shading, and you make us all feel like we are great teachers. - Mr. Young

Kaylee is an exceptionally hard worker and generous classmate. She is quick to help her classmates and is always patient. I appreciate her cheerfulness and her positivity. - Mr. Rondema

10th Grade: Gentry - Perceptive and deep thinker who asks excellent questions and has good insights into history and literature. - Mr. Cooper

An absolute joy to have in class! They are constantly contributing to class, helping others, and sharing memes with me! They are such a positive influence on students around them. - Ms. Bassell

Benji is kind, caring, and hardworking. I really enjoyed having him in class and always appreciate seeing him on campus because his smile lights up a room! - Ms. Radulesk

I'm so impressed by his determination and hard work in my class. I always say the best math student isn't the one with all the answers, it's the one that doesn't give up until they do! And Benji is certainly that type of math student. - Ms. Bassell

Benji stands out in class for his kindness, his respect, his attentiveness, his willingness...so many important and often under-valued things. He really is an exceptional student and person. - Ms. Spanjer

Benji is a phenomenal young man. His patience and diligence continually amaze me. I especially appreciate his calm demeanor. He is an integral part of our school community. - Mr. Rondema

8/9 ACADEMY & HS STUDENTS of the MONTH - DECEMBER, continued...

11th Grade: Benji Lee - I nominated Benji for student of the month due to his work ethic as a TA in the Grade School office. He treats his position in the Grade School like a job. He emails me when he is not going to be here and even asked if there was anything he could do at home when the HS was in remote learning. He always takes initiative and keeps busy when he is in the office. If he runs out of tasks, he always asks what else he can do. He is a pleasure to work with, always down to do whatever, respectful and responsible. If I was looking to hire someone for a job, I would hire him in a heartbeat. We are lucky to have him. - Ms. Evans

Benji Lee is a kind person, a hard worker, and he takes initiative to help out where needed. Each day Benji joins us with his positive attitude. He speaks kindly to those around him. When asked to complete a job, he does so with a high level of quality. Once he has completed an assignment, he asks, "what's next?" We are very fortunate to have Benji help in the grade school. - Mrs. Dawkins

12th Grade: Ari Yang - Ari is a great asset to our community. He often encourages and assists other students to join and participate in school activities. Ari always comes to class with a positive attitude and adds great perspective to our discussions. We are lucky to have him in our school. - Mrs. M. Davis

I'm so impressed not only with his ability to overcome learning in a second language, but with his ability to engage others around him as well! I can always count on him to focus his classmates near him and draw them into their work. He has such a positive and energetic attitude! - Ms. Bassell

Ari is a great student; he's hard working and respectful. I enjoyed having him in class his sophomore year. - Ms. Ducey

Ari, I really appreciated how you explored an entirely new way of painting for your AP Art Portfolio last year. Way to think outside the box! Also, you happen to be a really nice person and I notice people become their best selves when you are around. Kind of magical. - Mr. Young

The Corbett School District will join the other 196 school districts throughout Oregon to celebrate January as “School Board Recognition Month”. School board members represent their fellow citizens’ views and priorities in the complex enterprise of maintaining and running the community’s public schools. They also reinforce the principle of local control over public education, which is an important, highly valued aspect of education in Oregon.

The school board’s main goal is to support student achievement. To achieve that goal, the board focuses on the following needs:

- Creating a vision for what parents and citizens want their school district to become and how to make student achievement the top priority
- Setting standards for what students must learn and be able to do
- Assessing whether schools achieve their goals, and whether students are learning
- Accounting for the outcomes of decisions and by tracking progress and reporting results
- Aligning the use of the district’s human and financial resources
- Creating a safe and orderly climate where students can learn and teachers can teach
- Collaborating to solve common problems and to support common successes
- Focusing on continuous improvement by questioning, examining, revising, refining, and revisiting issues related to student achievement

Even though we make a special effort during January to show appreciation for our school board members, we recognize that their contributions are a year-round effort. They are dedicated individuals who are committed to improving student achievement, and to fighting for the best for all of our students.

Many thanks to Michelle Vo (Board Chair), Todd Mickalson (Board Vice Chair), Bob Buttke, Katey Kinnear, Todd Redfern, Rebecca Bratton, David Granberg, and our student representative to the board, Galilea Rios-Schultz.

SOFTBALL OPEN GYMS

Corbett High School softball will host open gyms every Sunday from 10:00 AM to noon in the Corbett Grade School gym, starting Sunday, January 9th, 2022.

DIVERSE VOICES & ACHIEVEMENTS

January 1, 1863, the Emancipation Proclamation signed by President Lincoln went into effect. Slaves held within Confederate states that were not under Union control were officially freed. In reality, the South didn't have to follow Lincoln's order. Southerners saw themselves as having their own country with their own president, Jefferson Davis. That's why not many slaves were actually freed that day. After January 1, as Union troops won battles and took over Confederate territory, slaves there were freed. For other slaves freedom wouldn't come until 1865, with the 13th Amendment abolishing slavery.

January 1, 1892, Ellis Island opened. It operated as a federal immigration station in New York Harbor. On the first day almost 700 immigrants passed over the docks. Over the next year, more than 400,000 immigrants were processed at the station. Between 1892 and 1954, when it closed, more than twelve million immigrants passed through the U.S. immigration portal at Ellis Island.

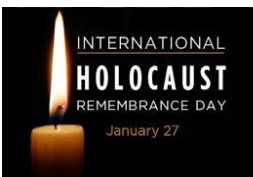

January 4th is World Braille Day. It is an opportunity to raise awareness of the issues impacting those who are blind or visually impaired within our society. The invention of braille has transformed accessibility for those with visual impairments and promotes equal opportunities.

January 20th is Martin Luther King, Jr. Day. Reverend King was an American Christian minister and activist who became the most visible spokesperson and leader in the civil rights movement from 1955 until his assassination in 1968. He is best known for advancing civil rights through nonviolence and civil disobedience. Reverend King was awarded the Nobel Peace Prize in 1964.

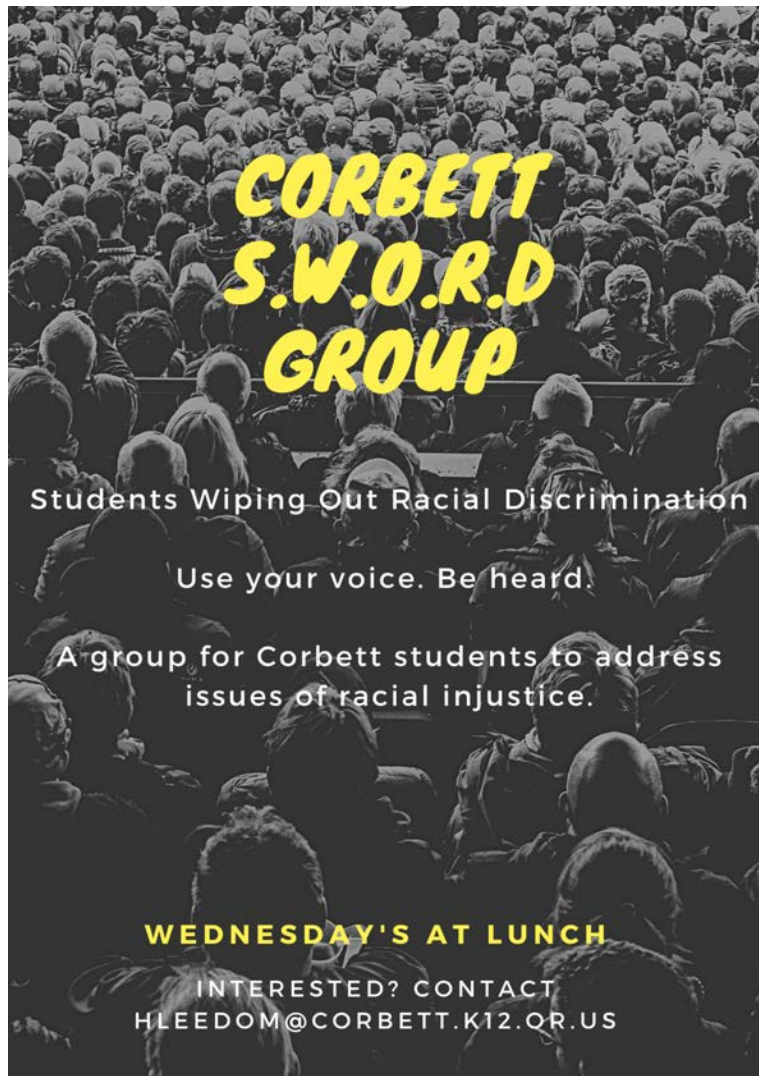

MLK Day is the only federal holiday designated as a national day of service to encourage all Americans to volunteer to improve their communities.

January 27th is International Holocaust Remembrance Day. It pays tribute to the memory of the victims of the Holocaust and reaffirms an unwavering commitment to counter antisemitism, racism, and other forms of intolerance that may lead to group-targeted violence. The date marks the anniversary of the liberation of the Nazi Concentration and Extermination Camp of Auschwitz-Birkenau by Soviet troops on January 27, 1945.

COMMUNICARE GRANT FOR S.W.O.R.D.!

The Harold & Arlene Schnitzer CARE Foundation is providing the Corbett S.W.O.R.D. group (Students Wiping Out Racial Discrimination) with \$200.00 in seed money to help meet their fundraising challenge as a new CommuniCare partner. CommuniCare will match each dollar raised by students 10:1! The money raised will then be distributed as grants to nonprofits and school-based programs in accordance with S.W.O.R.D. student decisions.

SPREADING HOLIDAY CHEER!

This year, Becky Young and Melissa Davis led our school district in serving families in need during the holidays. Mrs. Young and her class made posters to encourage others to donate non-perishable food and household goods like toilet paper and laundry detergent. Over the three weeks, students and staff were able to line the hallway of the grade school from end to end with supplies. The food drive was able to support five families from our school community this year.

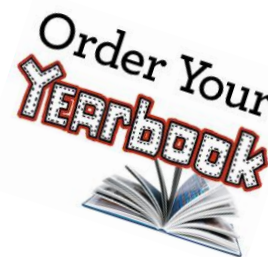

In addition, Melissa Davis organized a toy and gift drive to make the holidays a little brighter for some families in our community. With the generous donations we were able to support over four families this year. Clothing, board games, soccer balls, and lots more were purchased, wrapped, and delivered to families to enjoy during our winter break.

Corbett School District is fortunate to have such dedicated staff and students. Their heart for service is a joy to see.

FROM the HEALTH ROOM...

Your health team at Corbett has been busy with many tasks to make sure the students and staff are staying healthy.

One important task is to check on immunization records and help families know which ones are needed. **February 16th is Exclusion Day in Oregon.**

"All children who are not up-to-date or complete on their immunizations will be excluded from their school or child care facility." multco.us (2021). Please see the list on the following page for required vaccinations, and the pages after that for vaccine clinic locations.

Debbie Baker, School Health Assistant, is happy to answer any questions regarding your specific student's immunizations that are not current. You can reach her at 503-261-4258.

Some of the doctor's offices have been offering drive through immunization and flu clinics. Also, the health room has information regarding School Based Health Centers where students can receive a variety of services. The number for the Reynolds School Based Health Center is 503-988-3340.

If you would like to know more information regarding common immunization concerns, log onto boostoregon.org. This resource can help answer questions about what ingredients are in vaccines, safety of vaccines, and timing of vaccines. Your health care provider will be able to answer specific questions regarding the best plan for your student.

Community online workshops are another unique feature that is offered on the boostoregon.org website. Boost Oregon states that, "Our workshops simply help families feel more empowered and informed about their children's vaccines, instead of confused and torn."

Wishing all our students, staff, and families a strong, resilient, and healthy 2022!

Julie Nakamura, RN
