INTRODUCTION

Welcome

Information

Welcome to the Corbett School District.

Through this process, you will be able to enroll students who are new to the Corbett School District. This online enrollment is an official record. For the remainder of the school year, this system can be used to make changes to your family's information as needed; and, each fall we will ask you to verify your student's information here also.

Before beginning this registration, it's a good idea to gather information about your student such as proof of age (e.g., birth certificate or passport), previous school contact information, high school transcripts, and the most recent individualized education plan (IEP), if applicable. You will have the opportunity to upload scanned documents, which will expedite the registration. To start, we will be asking questions about you as the registering adult, then any other parents/guardians and emergency contacts, and then finally about the student(s) you wish to enroll. Once each student has been completed, you will be asked to review the registration and submit for approval. Completing the process may take 20-30 minutes.

Important information regarding kindergarten enrollment:
Oregon state law requires students to be age five on or before **September 1** to enter kindergarten.

Throughout the online enrollment process, you will be presented with a variety of information to enter. Many Steps will have required fields marked by an asterisk (*). You must enter information into these fields before you will be allowed to continue.
