

What is the SAT?

The SAT is a standardized test that is an indicator of academic success in college.

Who takes it?

Any student desiring to take the test can take the SAT. Typically, students take the SAT and/or the ACT in grades 11-12. While Oregon colleges and universities no longer require SAT or ACT scores for admission, many colleges around the rest of the country still require SAT or ACT scores as part of the admission process.

Corbett High School offers the SAT to all 11th and 12th graders at no cost to students/families.

What does it measure?

The SAT is designed to measure a student's ability to understand and process elements in the areas of reading, writing, and math and serves as a strong indicator of academic success in college.

When is it administered?

Juniors - April, during the school day.

Seniors - October, during the school day.

How is it administered?

The SAT is taken online and takes 3-4 hours to complete.

How are the results used?

Students can take the SAT to prepare for college and career. The SAT can be used as part of the admissions process at many colleges.

Who requires it?

The SAT is optional. Students will need to indicate their desire to participate one month before the exam.
