CORBETT SCHOOL DISTRICT EXECUTIVE SUMMARY

The Executive Summary presents a comprehensive summary of required information from each section of the budget and could be presented separately from the budget document and still present a complete representation of the entity.

The primary purpose of this document is to provide timely and useful information concerning the past, current, and projected financial status of the District to facilitate financial decisions that support the educational goals of the District.

This budget document is the primary document used to present the financial plan of the District and to inform the reader about the demographics and operations of the District. The document was prepared in the format necessary to meet the requirements of the Association of School Business Officials International (ASBO) Meritorious Budget Award Program and the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

We are pleased to present the 2025-2026 budget for Corbett School District 39. The budget has been prepared in accordance with state regulations, local budget law, and policies covering the required twelve-month period from July 1 through June 30.

The goal of the Corbett School District is to foster intellectual development, social awareness and civic responsibility among the members of our school community.

CORBETT SCHOOL DISTRICT BUDGET DOCUMENT FORMAT

Welcome to the Corbett School District's 2025-2026 Budget Document. The following section will guide you through the budget document format and organization, as well as the budget preparation process.

Budget Format

The budget document is organized into four sections:

- Executive Summary
- Organizational Section
- Financial Section
- Informational Section

The **Table of Contents** leads the budget document. Summary information can be found in the first few pages of the budget document.

The **Executive Summary** includes the Budget Message from the Superintendent. The Budget Message is an introduction to the budget and is followed by a budget summary. The budget summary is a comprehensive narrative overview of the 2025-2026 budget and finance plan. In addition, summary budget information is presented in a tabular and graphic format as well as student enrollment history and projections, budget forecasts, and benchmark data.

The 2025-2026 Board Budget Goals and Budget Committee Membership information are included in this section. The Budget Committee and School Board are jointly responsible for oversight and approval of the budget, and the School Board makes appropriations and imposes taxes.

The Budget at a Glance highlights major budget changes for 2025-2026 with an emphasis on reorganization of funds and account to compile with Oregon Department of Education.

The **Organizational Section** is comprised of general information about the District and its budget, including the level of education provided, the geographic area served, and the number of schools and students. Also included in this section are significant budget and financial policies, procedures, and regulations, as well as a detailed description of the budget process, measures and levies, and the history of Corbett School District.

The **Financial Section** contains required information for the District's funds and descriptions of significant revenue sources and expenditure categories.

The **Informational Section** includes detailed historical and projected personnel resource allocations, property tax information, and other performance measures used by the District.

Budget Message

Introduction:

This document will serve as a plan for both receipts and expenditures of funds for the period July 1, 2025 through June 30, 2026. The 2025-2026 Corbett School District Budget represents the collective efforts of many individuals working independently and collaboratively. The budget proposal presented here is, as in the past, focused on alignment with our district vision, values, budget goals, programming decisions, and student enrollment projections.

Vision Statement:

The Corbett School community connects, engages, inspires, and collaborates to support every student.

Values:

- Personal Responsibility
 - o Modeling personal responsibility, commitment, and ethical decision making.
- Advocacy
 - o Advocating for students so they learn to advocate for themselves.
- Resilience
 - o Personal development through resourcefulness and resilience.
- Inclusive, Collaborative Relationships
 - o Creating a community based on inclusiveness, equity, and building collaborative relationships.
- Innovation
 - o Nurturing curious, passionate, creative, and innovative minds.
- Continuous Learning
 - o Fostering student engagement in continuous learning, building on their personal strengths.

District 2025-2026 Budget Goals:

- Ensure a Fund Balance, Emergency Reserve, and Debt Management
- Maintain and improve facilities
- Retain qualified teachers for core subjects & qualified EAs for intervention, behavior, & mental health support including Special Education
- Maintain student safety
- Maintain CTE & extra-curricular programs

Programming Decisions:

- Continue to provide multi-age classrooms with place- and project-based learning opportunities for our K-6 students
- Continue to provide a well-rounded instructional program for our high school students, a part of which includes an opportunity for all students to have access to Advanced Placement (AP) and Career and Technical Education (CTE) courses
- Fund and facilitate extracurricular programs

Student Enrollment Projection:

Corbett School District Board of Directors agreed to temporarily increase enrollment for 2025-2026 to 1224 students, which is up from 1089 students at the beginning of the 2024-2025 school year. Enrollment will be strategically decreased by 10-15 students each of the next ten years. Applications to attend the Corbett Charter District in 2025-2026 have increased from recent years.

Budget Environment:

- The Oregon Governor has proposed education funding at \$11.3 billion for the 2025-2027 biennium. While this was a \$1.1 billion increase over the previous biennium, it falls short of the accepted level of funding necessary to maintain current funding levels with current inflation rates. Additionally, a biennium is funded at 49% for the first year and 51% for the second year. Therefore, the increase in funding from 2024-2025 to 2025-2026 is only \$335 million (\$5.537B - \$5.202B) or 5.5%. US inflation has increased at least 25% since 2020, making the Oregon education funding increase insufficient to cover current inflation increases.
- The Oregon School Funding Formula is based on a weighted equity model resulting in the Corbett School District funded at the third lowest level out of the state's 197 districts. It is important to note that the seven Multnomah County school districts West of the Sandy River receive at least 1.5 times Corbett's per-pupil funding.

Overview

- **Areas maintained in the 2025-2026 budget:**
 - o **Certified Staff** – The greatest determiner of student success is the teacher in the classroom. One of the greatest inhibitors of teacher effectiveness is increased class sizes. The District is committed to retaining high quality teachers and keeping class sizes at acceptable levels.
 - o **Mental Health** – The mental health and wellbeing of our students, staff, families, and community is the building block of success for the Corbett School District. Necessary resources are often difficult to find or cost prohibitive for our families. Additional federal funds for our School-based Mental Health Department have been secured for mental health professionals and services.
 - o **Highly Qualified Staff** – We will continue the practice of hiring the most qualified individual for each open position. We are also committed to assisting all staff members in furthering their education and providing professional development targeted to our mission and goals.
- **Areas receiving increased support in the 2025-2026 budget:**
 - o **Classified Staff** – The addition of Educational Assistants is included in the 2025-2026 budget.
 - o **Facilities and Maintenance** – A significant portion of student and staff morale and pride begins with the facilities in which they are housed each day. Our facilities are in great need of repair and maintenance. Additional funding will also be allocated to ensure all buildings have increased safety, sufficient heating and cooling, working restrooms, and cosmetic updates.
 - o **Technology** – Outdated technology is on the verge of failure. To ensure the District is not left without heat, cooling, fire suppression, cyber security, security cameras, communication, etc., these systems need to be updated.

- **Areas being reduced or eliminated in the 2025-2026 budget:**
 - o **Administration** – Three administrative positions were eliminated during the 2024-2025 budget reduction and will not be reinstituted. Therefore, only 3.6% of the 2025-2026 school district budget includes administrative salaries. The national average is 6.7%.
 - o **Athletics and Activities** – Student participation in extracurricular programs provides invaluable learning opportunities in leadership, teamwork, as well as increasing Cardinal Pride. We will continue to fund high school athletics at the same level. Middle school athletics, which have recently been funded through the district budget, will be managed by Corbett Youth Sports moving forward. Funding for various activities will be evaluated on an individual basis.
- **Areas to be addressed in the future:**
 - o **Physical Education** – Physical health is a significant part of mental health. Physical Education provides students not only with fitness, but also lessons in leadership, teamwork, and sportsmanship. Additionally, students learn habits of a healthy lifestyle. Providing access to a licensed Physical Education teacher for all students K-12 can enhance student learning and promote the skills necessary for athletic success in high school.
 - o **Music Education** – The ability to read music and play a musical instrument has proven to increase student problem solving and learning in all subject areas. The district is proud to be able to provide every K-12 student with the opportunity to learn music. A commitment to increasing the music education opportunities when feasible is acknowledged by the district.

Effects of 2024-2025 Budget Shortfall

In September of 2024, the district began to find accounting errors that had occurred over the past three years. Over projections of revenue, under projections of expenditures, and unreconciled accounts resulted in a \$3M shortfall. Reduction of staff by three administrators, 1.5 teachers, and three classified staff, along with a loan from Multnomah Educational Service District (MESD) provided for a minimally positive projected General Fund Ending Fund Balance for the 2024-2025 fiscal year.

Class Size

Increasing student enrollment is the only way for a school district to increase revenue, outside of a tax levy. Therefore, the Corbett School District Board of Directors agreed to increase enrollment for 2025-2026 to 1224 students, which will provide for approximately \$2M in additional revenue. When combined with current staffing levels, an increase in student enrollment supports rebuilding the General Fund Ending Fund Balance. Increased student enrollment at current staffing levels results in increased class sizes of about 4-5 students in each classroom. This student enrollment number will be strategically reduced by about 10-15 students per year over the next ten years to bring class sizes back to current levels without drastically affecting revenue.

General Fund Ending Fund Balance

A strong General Fund Ending Fund Balance is between 7%-10% of the total General Fund Budget. The General Fund Ending Fund Balance for the 2024-2025 fiscal year is projected to be \$0.00.

The main objective of this 2025-2026 Corbett School District Budget is to begin rebuilding a healthy General Fund Ending Fund Balance, which, based on current projections, could be obtained within three years.

Variables That Affect Budget

Building a School District Budget is not an exact science. There are many variables that need to be considered that are outside of the district's control. Revenue is a projection based on enrollment and state and federal funding levels. Neither enrollment nor funding are fixed values. Each May, school district funding levels across the state are adjusted based on enrollment levels in each district. Expenditures over the next year are greatly affected by inflation rates. The district's greatest expenditure is salaries. The teachers' union is beginning bargaining their next contract, which could include cost of living adjustments (COLA) and affect expenditures.

Conclusion

The 2025-2026 budget represents one of the many ways in which we continually strive to shape the Corbett School District to meet our collaborative vision for our students. A special thanks to Mrs. Regina Sampson, Chief Financial Officer, for her tireless contributions, and to the Budget Committee for their work on behalf of our scholars.

Budget Summary

The Proposed Budget for the Corbett School District for the fiscal year 2025-2026 represents the financial plan to deliver services, utilizing the resources available to meet the Budget Priorities set by the School Board on behalf of our staff, students, and community, and totals \$25,495,817.

This budget proposal includes ongoing allocations for investments aligned with Budget Priorities, and leverages grant funds for labor, and facility improvements wherever possible.

The proposed budget is balanced and maintains programs and staffing, while realigning grants to Oregon Department of Education coding requirements and establishing a Capital Project Fund, and Risk Management within Special Revenue Funds.

Budgeting a Plan for 2025-2026

The Proposed Budget is based on the \$11.3 billion biennial State School Fund which is the Governor's proposed budget for 2025-2027.

The district will be working, over the next 3 years, toward having a 5% Fund Balance.

2025-2026 Budget Outlook

Oregon's economic forecast released February 26, 2025 indicates that Oregon's economy has lost momentum over the last year due to weak population growth and other factors among core industrial entities. The last 2 quarters of the 2024 calendar year showed a bounce back which is forecasted to create robust hiring in 2025.

The 2025-2027 biennium PERS rates increased due to wages across the state increasing at a higher rate than forecasted. Due to reduction in force during the 2024-2025 fiscal year along with steps, and cost of living increase, we are projecting payroll costs to remain stable overall for 2025-2026 with payroll and employer cost totaling \$14.8 million. This includes General Fund payroll cost of \$12.1 million.

The District has engaged the district and community stakeholders about how to best prioritize our 2025-2026 budget. The district staff is proposing a budget that allows the District to maintain current level of services to students, establishes an unappropriated ending fund balance, a Capital Project fund and a Risk Management reserve.

Special revenue funds, particularly in Student Investment Account which is funded by Corporate Activity Tax (CAT) collection, are expecting an increase in funding. In Federal funds, the District has carryover projected for School Based Mental Health grant although for Title funds the District projected a 25%

decrease. District staff will make the necessary adjustments when funding levels are finalized.

Student Investment Account

The Student Investment Account (SIA) comes from the Student Success Act, House Bill 3427 signed into law in May 2019. The purpose of the Student Success Act was to correct underinvestment in our schools and our children and includes provisions for new and improved services for children and families. The Act funds three accounts:

- The Early Learning Account (at least 20%)
- The Student Investment Account (at least 50%)
- Statewide Education Initiatives (up to 30%)

There are two stated purposes for the distributed funds under SIA:

- Meet students' mental or behavioral health needs, and
- Increase academic achievement for students, including reducing academic disparities for:
 - Economically disadvantaged students;
 - Students from racial or ethnic groups that have historically experienced academic disparities;
 - Students with disabilities;
 - Students who are English language learners;
 - Students who are homeless; and
 - Any other student groups that have historically experienced academic disparities, as determined by the State Board of Education.

The SIA spending plan has to be focused on any, some, or all of the allowable uses that are detailed in HB 3427. Based on staff and community input, Corbett School District is using the SIA allocation in Special Revenue Fund to support students' mental or behavioral health needs by funding our counselors. The District has a total of 8.04 FTE in SIA.

High School Success and Career & Technical Education (Measure 98)

In November 2016, Oregon voters approved Measure 98 which dedicated funding to improving graduation rates through proven practices such as Career & Technical Education (CTE). The Proposed Budget continues existing Measure 98 investments for High School Career & Technical Education programs, attendance monitoring to reduce absenteeism, and counseling supports with an emphasis on graduation.

Continued funding of Measure 98 programs from the State will provide opportunities for students to connect with staff and programs of study that will keep them in school through graduation and prepare them for higher education or careers with relevant trade skills. The District has a total of 2.12 FTE in High School Success.

School-Based Mental Health (SBMH)

The District received 5 year grant beginning on January 1, 2023 to December 31, 2027 to provided credentialed mental health providers in schools. The benefit is better outcomes for student, including improved attendance, academic performance and fewer disruptions to learning. The District has a total of 5.10 FTE in SBMH.

BUDGETING A PLAN

Corbett School Board Adopted Budget Priorities

The District produced an informational video and online survey to gather input for the 2025-2026 budget priorities. During January 2025, the Board met and discussed the staff and community input and priorities for the 2025-2026 budget. The Board formally approved the priorities to provide guidance and direction to the Superintendent and Chief Financial Officer in the preparation of the annual proposed budget.

The Board set the following budget priorities to guide the 2025-2026 program delivery planning work completed by the District's Budget Team.

- Ensure a Fund Balance, Emergency Reserve and Debt Management. The financial impact is \$900,000.
- Maintain and Improve Facilities. The financial impact \$4.15 million which includes anticipated grants not yet awarded.
- Retain Qualified Teachers for core subjects & Educational Assistants for Intervention, Behavior & Mental health supports including Special Education. The financial impact is \$11.4 million.
- Maintain Student Safety. The financial impact is \$334 thousand.
- Maintain CTE & Extra Curricular Programs. The financial impact is \$1.5 million.

The Administrative Team met with the Internal Budget Team to discuss the priorities and review budget allocations, and staffing. Once allocation sheets were returned the budget was prepared in such a way as to fund the plan's implementation utilizing available resources.

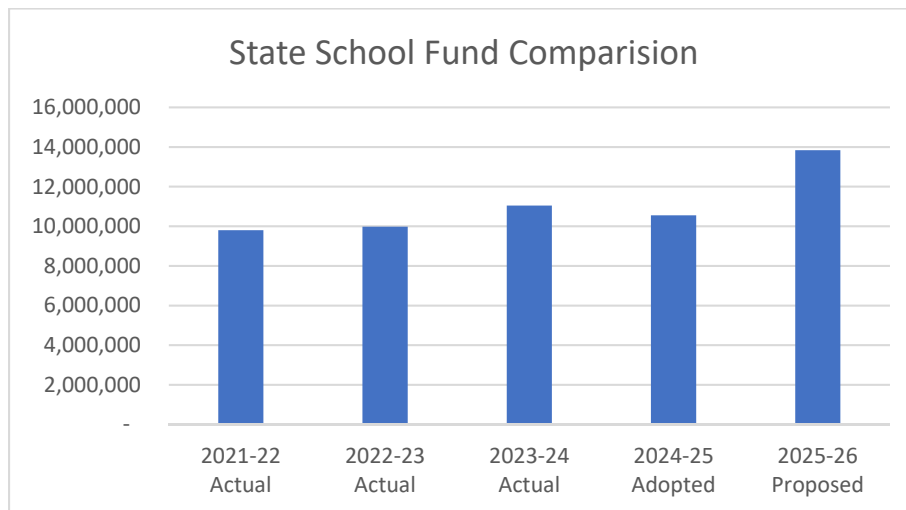

BUDGET DEVELOPMENT

General Fund Resources

The District's 2025-2026 service plan is based on a number of revenue assumptions. The largest source of District revenue comes from the State School Fund and is determined using projected student enrollment in the District and projected transportation expenditures. These resources are budgeted within the District's General Fund.

The District's estimate of revenue and resources that will be available for District use in 2025-2026 is based upon the following revenue assumptions:

- State School Fund of \$11.3 Billion at 49/51 funding for 2025-27 biennium.
- Increased federal poverty estimates leading to an increase in State School Fund poverty weight funding.
- Increase in enrollment due to opening an additional 142 slots for students.

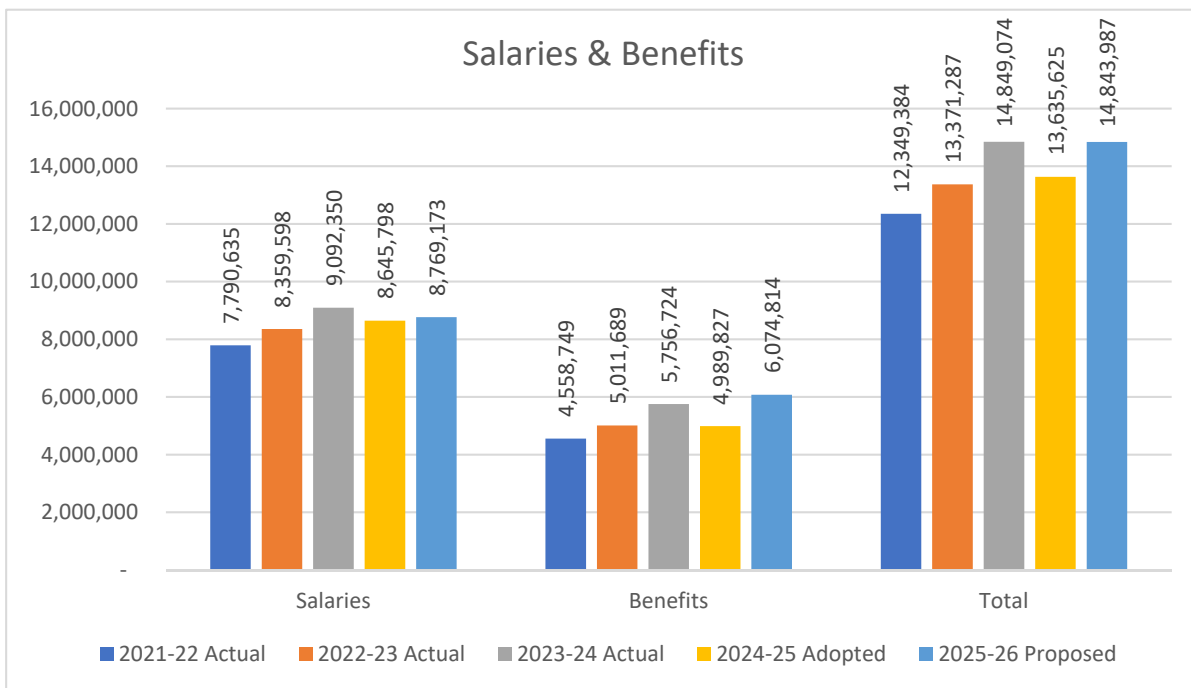

General Fund Expenditures & Requirements

The District's 2025-2026 service plan is based on a number of expenditure assumptions. The proposed staffing framework is based upon a comprehensive evaluation of staffing across all labor groups, departments, and buildings to align to the 2025-2026 plan with emphasis on the Board Budget Goals and Priorities. Additionally, the staffing level review created the basis for any staff position adjustments as a result of projected enrollment. The proposed budget assumes a full school year.

The 2025-2026 Proposed Budget roll-up costs include adjustments according to labor agreements with CEA in a negotiating year for Licensed staff, OSEA, and Administrative, Supervisors, Confidential staff.

The District has fully utilized all of its fund balance reserve and projected to expend less than revenue receipts in order to replenish the fund balance over the next 3 years.

	2021-22	2022-23	2023-24	2024-2025	2025-2026
	Actual	Actual	Actual	Projected	Budgeted
Beginning Fund Balance	4,504,501	3,658,983	435,446	(219,062)	-
Budgeted Contingency					100,000
Budgeted Ending Fund Balance					33,763
Ending Fund Balance	3,658,983	435,446	(219,062)	-	133,763
(Spend Down)/Add Back	(845,518)	(3,223,537)	(654,508)	219,062	133,763

It is important to note the committed contingency amounts identified in the budget are to cover a variety of items, such as:

- Carry forward resources for the upcoming budget year; and
- Uncommitted amounts for unforeseen expenses.

Contingency and Ending Fund Balance Policy

As outlined in the Board policy for the District, the General Fund estimated ending fund cash balance is to be managed at a level that represents 5% of the total adopted General Fund budget revenues. The proposed budget includes contingency and unappropriated ending fund balance amounts that together total \$283,763 which is not 5% of budgeted revenues. The District has a 3-year plan to reach 5% Fund Balance.

General Fund Ending Fund Balance	
Beginning Fund Balance	-
Budget Contingency	100,000
Budgeted Ending Fund Balance	33,763
Projected Ending Fund Balance	133,763
Annual Revenue Budget (Excludes Beginning Balance)	16,751,280
5% of Revenues	837,564

BUDGET CHANGES

There are several changes to note this year due to implementation of a new accounting system for 2025-26. The District had adjusted the Funds to be in compliance with state reporting requirements. The Proposed Budget includes appropriations for the General Fund, Special Revenue Fund, Debt Fund and a Capital Project Fund.

In addition, grants that were accounted for in General Fund previously are now projected to be accounted for in Special Revenue Fund which is in compliance with Oregon Department of Education.

The 2025-2026 Proposed Budget totals \$25,595,817 for all funds. This represents a \$220,114 increase over 2024-2025 Adopted Budget largely due to increased State School Fund Grant and property taxes. The increase in State School Fund is also due to increase in slots for student enrollment.

The District has also added accounting designation for Human Resources in the Staff Services functions that were previously coded to the Office of the Superintendent function. Additionally, there have been various changes to designate the correct functions to ensure compliance with Oregon Department of Education. The District is also properly designating sub cost as service versus as previously accounted for as wages. Finally, staffing has been reviewed to begin adding the location to staff so that we are in compliance with Oregon Department of Education.

In the Special Revenue Fund, the District has added a reserve for Risk Management. As well as shifted Student Investment, Federal grants, Food Service and E-rate into Special Revenue Fund. This is to comply with the Oregon Department of Education.

MISSION AND VISION STATEMENT

MISSION:

The goal of the Corbett School District is to foster intellectual development, social awareness, and civic responsibility among the members of our school community.

VISION:

The Corbett School community connects, engages, inspires, and collaborates to support every student.

CORBETT SCHOOL DISTRICT VALUES

- Personal Responsibility – Modeling personal responsibility, commitment, and ethical decision-making.
- Advocacy – Advocating for students so they learn to advocate for themselves.
- Resilience – Personal development through resourcefulness and resilience.
- Inclusive, Collaborative Relationships – Creating a community based on inclusiveness, equity, and building collaborative relationships.
- Innovation – Nurturing curious, passionate, creative, and innovative minds.
- Continuous Learning – Fostering student engagement in continuous learning, building on their personal strengths.

Values are the districts long range objectives where as the Budget Priorities are the annual objective developed to ensure the district is making steps to achieve District values.

CORBETT SCHOOL DISTRICT BUDGET PRIORITIES SUMMARY

The Superintendent developed a student, parent, staff, and community input session video. This video and the input survey were available from December 5, 2024, to December 19, 2024, collecting input for the 2025-2026 Budget.

In January, the Corbett School Board met for a Budget Priorities Work Session. The Superintendent and the Chief Finance Officer presented the input results for the Board's discussion of budget priorities for the 2025-2026 school year.

The Board was presented all survey inputs along with summary results. Key priorities from that input were determined. The Board deliberated all community and staff input priorities and then prioritized them to give the administration guidance for the development of the 2025-2026 budget.

BUDGET PRIORITIES:

The School Board has instructed the Superintendent and administration to use the priorities below to develop the 2025-2026 budget. The budget priorities are to:

- Ensure a Fund Balance, Emergency Reserve and Debt Management. The financial impact is \$900,000.
- Maintain and Improve Facilities. The financial impact \$4.15 million which includes anticipated grants not yet awarded.
- Retain Qualified Teachers for core subjects & Educational Assistants for Intervention, Behavior & Mental health supports including Special Education. The financial impact is \$11.4 million.
- Maintain Student Safety. The financial impact is \$334 thousand.
- Maintain CTE & Extra Curricular Programs. The financial impact is \$1.5 million.

**CORBETT SCHOOL DISTRICT
STUDENT ENROLLMENT & PROJECTIONS
BY GRADE LEVEL**

Enrollment Projection Methodology:

The District develops annual enrollment projections for grades K-12 using four types of information: birth rates, cohort history, current and projected housing development, and overall economic picture. Cohort history is a commonly used demographic technique that looks at the number of students in a given grade or series of grades (called a “cohort”) and determines how many of those students will move up to the next grade or school level. Cohort history in a given area is affected by in-and-out-migration of families in response to the economic climate, the type of housing available (i.e., single-family units vs. multiple-family units), and general mobility of the population. Because there are no previous years’ “cohorts” to compare classes with, kindergarten projections are generated using information from Principals and Teachers on class size.

As a charter District, Corbett School District has strategically planned to increase enrollment for 25-26, then decrease annually. The District had a significant drop in enrollment in 2021-22 and due to federal funding didn’t make the adjustment to staff. The plan to increase enrollment will allow the District to make adjustments strategically.

**CORBETT SCHOOL DISTRICT
STATE SCHOOL FUNDING FORMULA**

**State School Fund Grants and Property Tax Revenues
(Funding Per Student)**

State School Funds and Property Taxes are the primary sources of Corbett School District’s operating fund, the General Fund. The legislature determines how much money is available from both State sources, such as income taxes, and local sources, primarily property taxes.

State School Fund (SSF)

State School Fund is calculated based on enrollment. A per-student amount consists of two

different enrollment numbers: average daily membership, resident (ADMr), and average daily membership, weighted (ADMw). The ADMr number represents the average number of students enrolled at Corbett School District on a daily basis. The ADMw is an adjusted number to compensate for the high cost of educating certain groups of students, such as English Language Learners/English as a Second Language, special education, pregnant or parenting, income at or below poverty, and students in foster care.

**CORBETT SCHOOL DISTRICT
STATE SCHOOL FUNDING FORMULA**

Property Taxes

Property taxes from each school district’s permanent rates are deducted from the General-Purpose Grant to determine the amount the school district will receive from the State School Fund Grant.

Property Owners are taxed on the combined rates of education and debt service to repay bonds exempt from Measure 5. The Permanent Property Tax Rate for Corbett School District is \$4.5941 per \$1,000 per assessed value.

In 1990, when Measure 5 passed, the amount of property taxes education districts can collect was limited to \$5 per \$1,000 of real market value. At the same time, Measure 8 requires the State to replace property tax revenue lost due to the measure’s limitations. In 1997, Measure 50 separated assessed value from real market value.

Assessed values are limited to 3% increases per year unless there is new construction. Even if the market value is reduced, the assessed value can still go up by 3%. Once the assessed value “catches up” to market value, it can only go up if the market value goes up.

**CORBETT SCHOOL DISTRICT
STATE SCHOOL FUNDING FORMULA**

The permanent tax rates are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase their permanent rate authority. Rates for debt services are set based on each year's requirements. The district permanent tax rate is 4.5941 per \$1,000 of assessed value.

CORBETT SCHOOL DISTRICT DEBT SERVICE SUMMARY

Corbett School District Debt Service Overview

Corbett School District's bond debt consists of 2012B OSBA Flex Fund (QSCB), 2012C OSBA Flex Fund and General Obligation (GO). The General Obligation (GO) is paid with revenues generated through voter-approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2021 GO Bond funded the District's ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. The 2012B OSBA Flex Fund (QSCB) and 2012C OSBA Flex Fund provided fund to renovate the Springdale school.

Corbett School District's loans and contracts are funded in part by the 70% reimbursement of transportation expenses through the State Funding Formula to support the District Bus Fleet. The 2011 SELP Loan and the 2024 MESD Loan were used to make energy updates throughout the District and support general operations, respectively.

CORBETT SCHOOL DISTRICT BUDGET OVERVIEW

Highlights of the 2025-2026 Budget:

- The Internal Budget Process
 - The District used different methods of budgeting based on different factors.
 - Incremental budgeting was used on fixed building costs such as liability insurance and utilities.
 - A modified zero-based budgeting method was used for each school. School budget allocation begins with determining the past percent of allocation of State School funds to all schools, then enrollment projections for each school were the bases for the total allocation to each school. Then the administrator received a worksheet with three historical years, the current year budget, and current year actuals. Based on this information and the budget priorities each school determined the budget allocation for each service or supply level.
 - Careful consideration was given to the needs of individual schools, including their demographics, poverty, and rural/urban area.
 - Teacher-per-student ratios were also measured during this process.
 - Departments also used modified zero-based budgeting with an overall allocation based on historical usages, then the department head received a worksheet with three historical years, the current year budget, and current year actuals. Based on this information and the budget priorities each department determined the budget allocation for each service or supply level.
 - District administrative team worked with the Internal budget team members to allocate their budget to deliver quality service for 2025-2026.
 - Work to balance resources and requirements was ongoing throughout the budget preparation process.
 - Collaboration with Corbett Education Association (CEA), and Corbett Association of Classified Employees (CACE) is through the negotiation process.
 - The financial plan aligns with District policies and Board budget priorities.
 - Everything throughout the entire budget process was reviewed with a fresh perspective and according to the established budget priorities.
 - All budgetary requirements are comprehensive, justified, and complete based on known information at a point in time.
- The budget follows the **Oregon Department of Education Chart of Accounts**.
 - The District's prior account code structure did not align with the state's required chart of accounts with respect to expenditures fund, function, object, and areas. Thus during this budget process, a re-alignment is proposed in order to align with the state's required chart of accounts.
 - The District is now able to account for all direct and indirect costs by subject, grade level, organization, and by school or department.
 - Financial information resulting from this expense structure is reported to the Oregon Department of Education annually.

CORBETT SCHOOL DISTRICT BUDGET OVERVIEW

- The budget follows the **Meritorious Budget Award Criteria Checklist** to provide a reader-friendly budget document that:
 - Presents clear budget guidelines;
 - Promotes communication between departments and schools;
 - Encourages short and long-range budget goals;
 - Supports effective use of education resources.
- The 2025-2026 school year is the first year of the 2025-2027 State of Oregon funding biennium.
- The District's **Fund Balance** is not financially stable and the district has a three-year plan to increase this reserve to ensure long-term viability of the District.

The total combined budget, all funds, increased by 26.9%, or \$5,393,191, from \$20,052,626 in 2024-2025 to \$25,595,817 in 2025-2026 largely due to increased State School Fund Grant, property taxes, and the increase in slots for student enrollment. The proposed combined budget includes contingency budgets of \$200,000 and an Unappropriated Ending Fund Balance of \$33,763.

CORBETT SCHOOL DISTRICT BUDGET OVERVIEW

General Fund increased by 6.48%, or \$1,012,042, from \$15,619,013 in 2024-2025 to \$16,631,055 in 2025-2026, including a contingency of \$100,000 and an Unappropriated Ending Fund Balance of \$33,763. This change is netted with decreases to the General fund by moving state grants to Special Revenue Fund and increases in State School Funds, property taxes and increased enrollment slots.

Other Funds:

Changes in other funds include conversion to the state required chart of accounts below is the crosswalk.

- 02 Food Service moved to Special Revenue Fund
- 03 Federal Funds moved to Special Revenue Fund
- 04 Student Investment Account Moved to Special Revenue Fund
- 08 FF&C Loan (Full Faith & Credit) moved to Capital Fund (History only)
- 09 GO Bond 2021 moved to Capital Projects Fund (History only)
- 10 OSCIM moved to Capital Projects Fund (History only)
- 11 GO Bond Debt Service moved to Debt Fund

We have also pulled all state grants that were previously tracked in General Fund are also now proposed in the Special Revenue Fund to comply with the state required chart of accounts. The below manual is for reference for this requirement.

In addition, it is proposed that the district establish a tracking process within Special Revenue Fund for various grants and contracts.

Revenues & Resources

The 2025-2026 proposed revenues for all funds total \$25,595,817 an increase of \$5,543,191, or 26.93%, compared to the 2024-2025 adopted budget.

The 2025-2027 revenue budget includes federal, state, intermediate, and local sources. Other sources include financing, inter-fund transfers, and beginning fund balances.

The primary source of revenues for all funds is State Sources totaling \$18.28 million, or 71.8% of all sources. Additional major sources of funding for the District are Local Sources (including property taxes) totaling \$4.0 million or 15.7% of overall 2025-2026 funding, and beginning fund balance, which is a portion of the budget carried forward from reserves and prior year savings, projected to be \$209 thousand or 0.8% of the overall 2025-2026 proposed resources.

Expenditures

In the 2025-2026 proposed budget expenditures for all funds have an increase of \$250,114 or 0.42%, compared to the 2024-2025 adopted budget.

Expenditures in all fund graphs are categorized by salaries, payroll-related costs, employee benefits, purchased services, supplies and materials, capital outlay, other objects, transfers, and reserves. Wages and benefits are the largest expense making up 58.4% for all funds.

CORBETT SCHOOL DISTRICT
BUDGET OVERVIEW

Staffing Full-Time Equivalents (FTE):

A full-time equivalent (FTE) for school district purposes is defined as an employee who works 8 hours a day or 40 hours a week. Employee contract days range from 155 to 260 work days in the year. The proposed budget includes FTE within the General Fund and Special Revenue Fund totaling 113.34 FTE, a decrease of 8.61% or 10.68 FTE increase from the 2024-2025 adopted budget.

CORBETT SCHOOL DISTRICT BUDGET OVERVIEW

Student Enrollment

An enrolled student is defined as a student who attends one or more schools or programs with the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are not duplicated. The chart below shows students by special education English language learners and other students.

CORBETT SCHOOL DISTRICT ALL FUNDS SALARIES AND BENEFITS 5-YEAR COMPARISON

Salaries increased by \$123,375 between 2024-2025 and 2025-2026. Benefits also increase by \$1.08 million, for the same period. The results in a salaries and benefits increase of \$1.2 million for all funds.

The increase in salaries is offset by removing subs that are contracted services from payroll objects. Then the benefit increase is due to under budgeting benefits in 2024-25.

CORBETT SCHOOL DISTRICT HISTORY OF THE DISTRICT

History of Corbett School District

The Corbett community, named after Senator Henry Winslow Corbett, traces its origins to the late 19th century when Corbett purchased a farm in the area in 1885. Over time, this rural settlement grew into a close-knit community, eventually establishing a school system to serve its residents.

Corbett School District #39 was founded in the early 20th century, reflecting the community's commitment to education. From its inception, the district prioritized academic excellence while preserving local traditions. What began as a small rural school has since evolved into a nationally recognized institution known for its rigorous academic programs and innovative teaching practices.

Growth and Development

In its early years, the district consisted of a single schoolhouse serving multiple grade levels. As the population grew, additional schools were constructed to accommodate students at different educational stages. Today, Corbett School District maintains a high school, an alternative school, an elementary school, and a middle school, serving approximately 1,057 students.

Throughout its history, the district has adapted to changes in education while maintaining a strong sense of community. The transition to a charter district allowed for greater flexibility in curriculum design and instructional methods, fostering an environment where students are encouraged to excel.

Academic Excellence and Innovation

Corbett School District gained national recognition for its commitment to academic rigor. One of its defining initiatives, "**AP for ALL**," ensures that every high school student has access to Advanced Placement courses. This program has placed Corbett High School among the top-ranked schools in the nation, earning praise from publications such as *Newsweek* and *The Washington Post*.

Additionally, the district has embraced progressive educational models, including:

- **Multi-age instruction** to encourage mentorship and peer learning.
- **Place-based education** to connect students with their environment and community.
- **A continuous progress model** that allows students to advance at their own pace.

A Rural Community with a National Impact

Despite its small size and rural setting, Corbett School District has consistently ranked among the highest-performing districts in Oregon. Located just 20 miles east of Portland, it offers students the benefits of both a close-knit community and access to urban opportunities.

As Corbett continues to grow, the district remains dedicated to its founding mission—providing challenging and enriching educational experiences while honoring the traditions of the past.

**CORBETT SCHOOL DISTRICT
FINANCIAL REPORTING AND BUDGET PROCESS**

REPORTING ENTITY

Corbett School District (the District) was organized under provisions of Oregon Statutes pursuant to ORS Chapter 332 for the purpose of operating elementary and secondary schools serving grades K-12. The District is governed by a separately elected seven-member Board which approves the Superintendent and Board Policies. The daily operations of the District are under the supervision of the Superintendent. As required by generally accepted accounting principles (GAAP), all activities of the District are included in the basic financial statements.

The District qualifies as a primary government since it has a separately elected governing body, is a legally separate entity, and is fiscally independent.

The following is an overview of the District's funds:

GENERAL FUND

The General Fund is the District's primary operating fund.

Expenditure categories include salaries and associated payroll costs, purchased services, supplies and materials, capital outlay, and other general expenses. Expenditures are presented by major function categories which contain program descriptions, budgeted positions, and program and services analysis. In addition, explanations are available for significant variances which exist between the 2023-24 and 2024-25 budgets.

Revenues come from two main sources: state funding and local property taxes. The state revenue and local property taxes are components of the State School Fund (SSF).

The SSF is allocated through a school equalization formula that includes initial weighting for the number of students and extra weightings for students eligible for additional services such as special education, English Language development, students experiencing poverty, students in foster care, and students who are pregnant and parenting. The calculation consists of four grants including: general

purpose, transportation, high-cost disability, and facility grants.

SPECIAL REVENUE FUND

Accounts for revenues and expenditures of funds restricted for a specific purpose, from the federal or state governments as well as local sources i.e. Title IA, IDEA, Student Activities, Student Investment Account, and Food Service.

DEBT SERVICE FUND

Accounts for the District's payment of principal and interest on long-term obligations, consisting of General Obligation (GO) bonds. GO bonds allowed the District to finance capital projects such as to ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. Voters must approve the sale of these bond funds.

CAPITAL PROJECTS FUND

Accounts for activities related to the capital project improvement and construction of District facilities.

Revenue sources are the transfers from the General fund and donations.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The budgetary basis of accounting is the same as accounting principles generally accepted in the United States of America for the governmental fund types, and private purpose trust funds are budgeted by major functions in the governmental fund types.

Government-wide, internal service, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The

CORBETT SCHOOL DISTRICT FINANCIAL REPORTING AND BUDGET PROCESS

District considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and accrued vacation which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported expenditures in the governmental funds and proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

DISTRICT FINANCIAL GOALS The District will develop a budget to align with statutory and policy requirements, and community priorities with particular attention to:

1. Ensure a Fund Balance, Emergency Reserve and Debt Management
2. Maintain and Improve Facilities
3. Retain Qualified Teachers for core subjects & qualified EA's for Intervention, Behavior & Mental health support including Special Education
4. Maintain Student Safety
5. Maintain CTE & Extra Curricular programs
6. Additional investment in K-12 core subject including curriculum and supplies.

The District has made significant budget cuts to staffing in 2024-25, thus stabilization and risk management along with re-establishing a 5% ending fund cash balance in General Fund in accordance with Board Policy will be key to support our staff.

KEY FACTORS IN BUDGET DEVELOPMENT

The overarching factors affecting the development of the 2025-26 budget are the Oregon economic outlook, State School Fund funding, enrollment, and contractual obligations.

The General Fund is the operating fund for the District. The following highlights factors in budget development for the General Fund. The Corbett Education Association collective bargaining agreement is currently in negotiations. The 2025-2625 salary schedule has not yet been approved by the association and the Board. The Oregon School Employees Association collective bargaining agreement expires in June 2026.

Revenues: Based upon the Governor's proposed budget of \$11.36 billion statewide for the biennium, with a 49/51 split between the two fiscal years. Corbett School District's portion based on projected enrollment for 2025-26 is estimated to be \$13,838,257.

Estimated Common School Fund revenues for 2025-26 are \$144,000.

Estimated property tax revenue of \$2,138,000 is based upon a 3.0% growth factor and collections are estimated to be at 97% based on the Oregon Department of Revenue's published estimates for Multnomah County.

Student enrollment is based on Average Daily Membership Resident (ADMr) projections and is based on data collected from each building, and has been estimated at 1,242. This level of slots has been board approved for 2025-26.

General Fund revenues and resources are projected to be \$16,631,055, with 100% being current year revenues as the District is projecting a zero beginning fund balance.

CORBETT SCHOOL DISTRICT FINANCIAL REPORTING AND BUDGET PROCESS

Expenditures: Program costs for instruction, support, and administrative functions primarily consist of personnel-related expenses. The budget is based upon negotiated collective bargaining agreements with licensed and classified groups and a non-bargained agreement with administrative employees. These agreements determine expenditures for wages and insurance benefits and are the basis for calculations of required personnel costs. District personnel costs include:

- PERS Employer Rate – 29.70% for Tier 1 and Tier 2 Employees and 26.52% for OPSRP Employees.
- FICA – 7.65% employer match
- Workers Compensation – ranging from .38% to 3.99%
- Oregon Paid Medical Family Leave - .4%
- Insurance – 100% District paid

All other costs, such as purchased services, supplies, and materials, and other objects are based on projected plans for service delivery during the fiscal year.

The General Fund expenditures are projected to be \$16,631,055. The budget is balanced with a contingency and Unappropriated Ending Fund Balance amount that does not yet comply with the Board Policy of ending each year with a 5% ending fund balance in the General Fund.

Property taxes are levied by the District on the assessed valuation of real and personal property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes. State School Funds and property taxes are the two largest funding sources in the General Fund.

In addition to local property tax, the local revenue is comprised of the following: Transportation Grant, Interest on Investments, Admissions & Fees, Rentals, and Indirect Rate charged to Grants. The District does not have alternative revenue or an operating levy.

THE BUDGET PROCESS

The District prepares its annual budget in accordance with Oregon Local Budget Law (ORS 294), which provides standard procedures for the preparation, presentation, and administration of budgets. Public involvement in budget preparation is mandated by the law. Oregon Local Budget Law also requires that the budget be balanced – projected resources must equal projected requirements in each fund. Preparation of the budget involves many steps and months of collaborative work by District staff and stakeholders.

Notice of the first budget meeting is published in the local newspaper, five to thirty days before the first budget meeting, and posted on the District's website.

Once a proposed budget is developed, the Superintendent presents the budget and Budget Message to the Budget Committee, which then reviews, asks questions, and receives public comment. The Budget Committee approves a budget and tax levy and recommends adoption to the School Board.

Once a proposed budget document is provided to the Budget Committee it is available to the general public and citizens may obtain a copy by calling (503) 261-4200 or downloading a copy from the District's website at <https://corbett.k12.or.us/about/business-services/budget/>

HOW THE BUDGET IS ADOPTED

In addition to the seven-member School Board, the Budget Committee is comprised of seven additional members appointed by the board. The Budget Committee's duties are to hear and receive the Superintendent's Proposed Budget, ask questions and receive public testimony, approve a budget, and levy taxes on the approved budget. After the Budget Committee approves a budget, the budget is forwarded to the School Board for further public testimony and review. A summary of the approved budget and notice of budget hearing is published in the local newspaper, five to thirty days in advance of the

CORBETT SCHOOL DISTRICT FINANCIAL REPORTING AND BUDGET PROCESS

hearing. The notice indicates where the complete budget document is available for review.

After a budget hearing and consideration of public testimony, the School Board will then adopt the annual budget and the tax levy prior to June 30. See the chart on the next page for an illustration of the process.

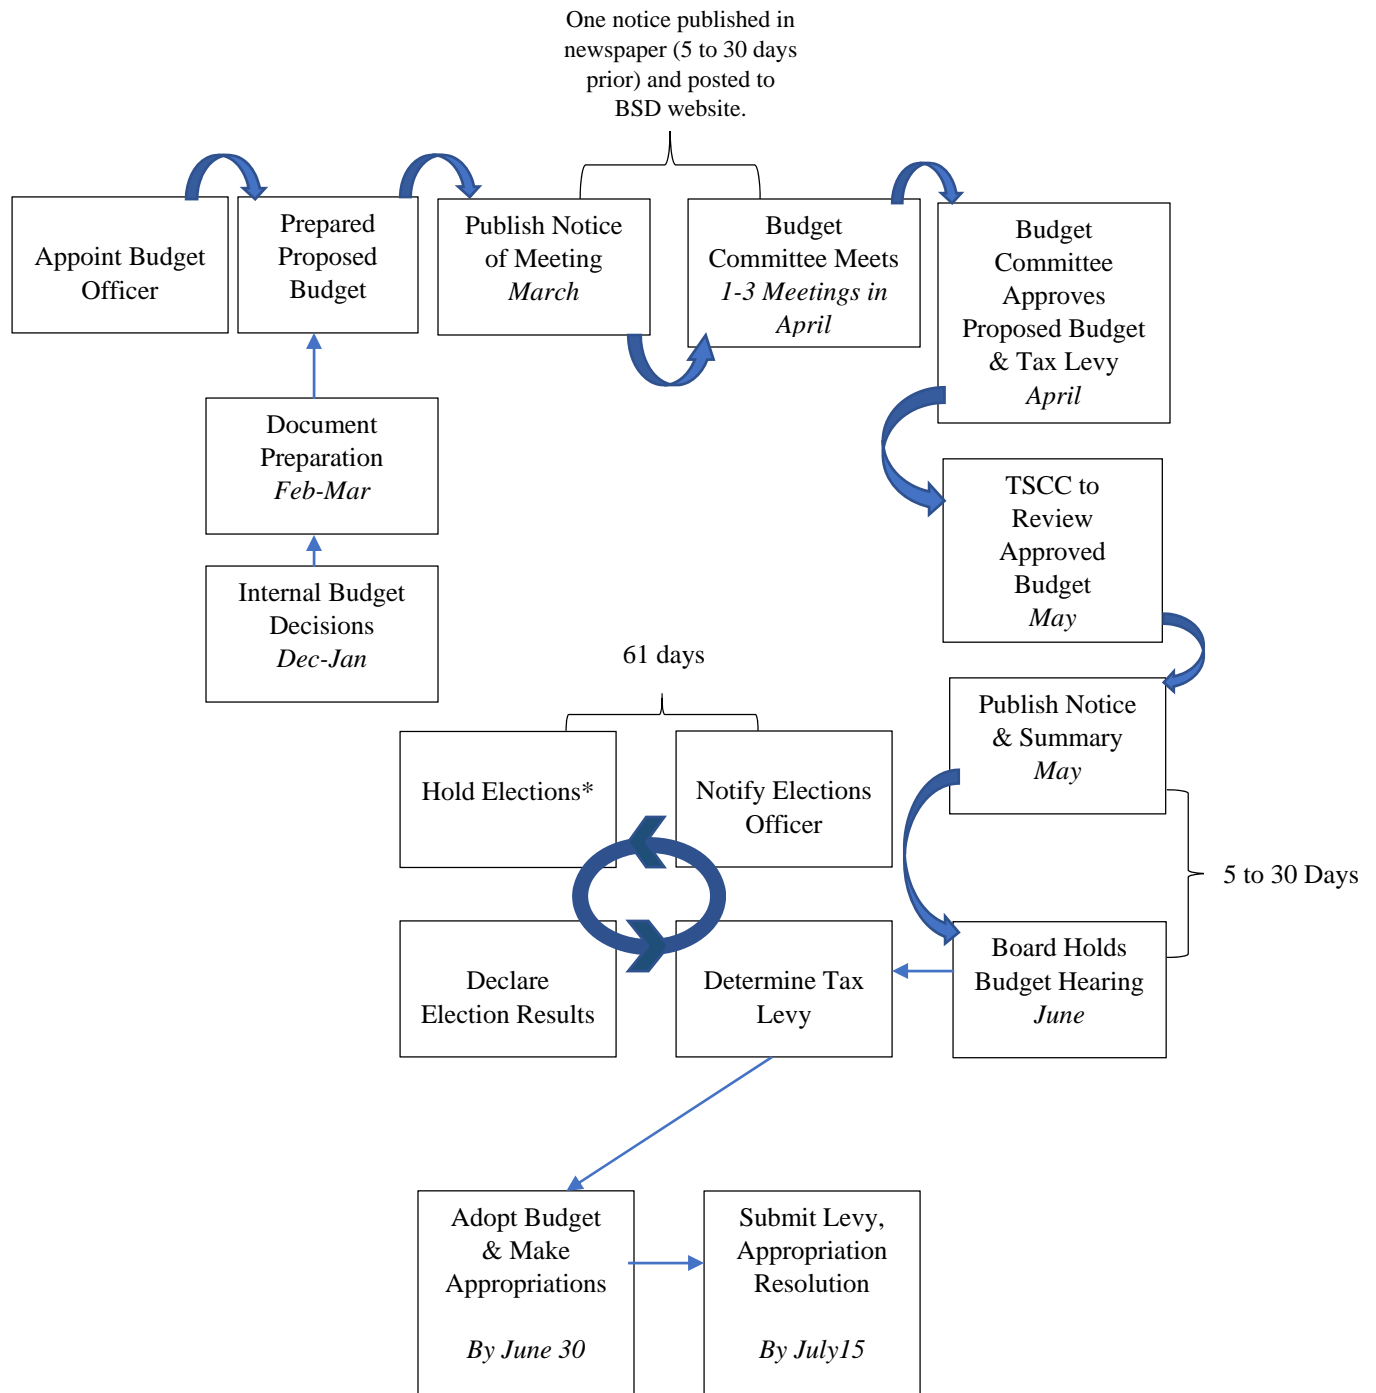

SUPPLEMENTAL BUDGETS

If the school district receives unanticipated revenues or a change in financial planning is required, a supplemental budget may be adopted to authorize a change in the budget within the fiscal year. A supplemental budget cannot be used to authorize a tax levy.

The Board of Directors may adopt a supplemental budget at a regular public meeting if expenditures in the supplemental budget are less than 10 percent of the annual budget of the fund being adjusted. If the expenditures are greater than 10 percent, the School Board must first publish the supplemental budget and hold a special hearing.

MISSION AND VISION STATEMENT

MISSION:

The goal of the Corbett School District is to foster intellectual development, social awareness, and civic responsibility among the members of our school community.

VISION:

The Corbett School community connects, engages, inspires, and collaborates to support every student.

CORBETT SCHOOL DISTRICT VALUES

- Personal Responsibility – Modeling personal responsibility, commitment, and ethical decision-making.
- Advocacy – Advocating for students so they learn to advocate for themselves.
- Resilience – Personal development through resourcefulness and resilience.
- Inclusive, Collaborative Relationships – Creating a community based on inclusiveness, equity, and building collaborative relationships.
- Innovation – Nurturing curious, passionate, creative, and innovative minds.
- Continuous Learning – Fostering student engagement in continuous learning, building on their personal strengths.

Values are the districts long range objectives where as the Budget Priorities are the annual objective developed to ensure the district is making steps to achieve District values.

CORBETT SCHOOL DISTRICT BUDGET PRIORITIES SUMMARY

The Superintendent developed a student, parent, staff, and community input session video. This video and the input survey were available from December 5, 2024, to December 19, 2024, collecting input for the 2025-2026 Budget.

In January, the Corbett School Board met for a Budget Priorities Work Session. The Superintendent and the Chief Finance Officer presented the input results for the Board's discussion of budget priorities for the 2025-2026 school year.

The Board was presented all survey inputs along with summary results. Key priorities from that input were determined. The Board deliberated all community and staff input priorities and then prioritized them to give the administration guidance for the development of the 2025-2026 budget.

BUDGET PRIORITIES:

The School Board has instructed the Superintendent and administration to use the priorities below to develop the 2025-2026 budget. The budget priorities are to:

- Ensure a Fund Balance, Emergency Reserve and Debt Management. The financial impact is \$900,000.
- Maintain and Improve Facilities. The financial impact \$4.15 million which includes anticipated grants not yet awarded.
- Retain Qualified Teachers for core subjects & Educational Assistance's for Intervention, Behavior & Mental health supports including Special Education. The financial impact is \$11.4 million.
- Maintain Student Safety. The financial impact is \$334 thousand.
- Maintain CTE & Extra Curricular Programs. The financial impact is \$1.5 million.

CORBETT SCHOOL DISTRICT MEASURES AND LEVIES

MEASURE 5

In November 1990, Oregon voters approved Measure 5, a citizen's initiative limiting total taxes on each property in the state to 1.5 percent of the property's real market value and shifting responsibility for funding public education to the state from the local level.

Measure 5, a constitutional amendment, phased in the tax limit for schools over a five-year period, beginning with a limit of \$15 per \$1,000 of property value in 1991-92 and decreasing to a permanent limit of \$5 per \$1,000 of value in the 1995-96 fiscal year. Tax limitations do not apply to bonded debt for capital construction.

In response to the requirement that the state replace school tax revenue lost under Measure 5, the legislature created the State School Fund (SSF) and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

Since Measure 5 was passed, the state's share of funding to schools increased from about 30% to about 70%.

MEASURE 50

In 1997, Oregon voters approved Measure 50, an initiative referred by the legislature to implement the provisions of Measure 47. The purpose of Measure 50 was to clarify legal ambiguities in the original measure and change the property tax system from a tax base system (where a dollar rate is levied) to a tax rate system (where a permanent rate is levied). As a result, in 1997-98, assessed values were rolled back to 1995-96 values minus 10% and future assessed value increases were capped at 3% per year plus exceptions such as the value of new construction. The district's permanent rate was set at \$4.5941 per \$1,000 of assessed value. Other provisions limited the use of the bonded debt and required a 50% voter turnout for property tax elections except at general elections (November of even-numbered years).

MEASURE 56

In November 2008, voters amended the state constitution to require that all local property tax measures on May and November elections be decided by majority vote, overturning the "double majority" requirement of Measure 50.

MEASURES 66 AND 67

In January 2010, Oregon voters upheld two tax increases approved by the 2009 legislature. Measure 66 increased personal income tax rates for high-income individuals, and Measure 67 increased corporate taxes by raising the \$10 corporate minimum tax to \$150, raising the corporate profits tax, and increasing certain business filing fees.

MEASURE 98

In November 2016, Oregon voters approved Measure 98, a dropout prevention and college readiness initiative. Measure 98 requires state funds to be distributed to public school districts for approved plans to establish or expand career and technical education programs, to establish or expand college-level educational opportunities for students, and to establish or expand dropout prevention strategies in high schools.

MEASURE 99

In November 2016, Oregon voters approved Measure 99 using Oregon Lottery funds to create the Oregon Outdoor School Education Fund. The program dedicates funds to provide every student in the fifth or sixth grade the opportunity to attend a week-long outdoor school program.

LOCAL OPTION LEVY

Since 1999, school districts have been allowed to request voter approval for local property tax levies to support operations and/or capital needs. This represents the only opportunity for district voters to increase revenue for district operations since Measure 5 passed in 1990. Local option capacity represents the "tax gap" between the Measure 5 tax rate limit based on real market value and the Measure 50 tax rate based on assessed value.

CORBETT SCHOOL DISTRICT MEASURES AND LEVIES

As revised by the 2007 legislature, the amount a district can receive under a local option levy is restricted to the least of:

- Measure 5 limit: revenue received by the district from local option taxes imposed; or
- Dollars per student: \$1,000 per average daily membership, weighted (ADMs), growing by 3% per year as of 2008-09; or
- Percent of state resources: 20% of the combined total of the state general purpose grant, transportation grant, facility grant, and high-cost disability grant.

Operating levies cannot exceed five years. Capital levies cannot exceed the lesser of ten years or the expected useful life of the asset(s).

Local option levies for more than a year may be filed as either a fixed dollar amount per year or a tax rate. Local option revenue is excluded from the state funding formula.

Corbett School District does not currently have a local option tax.

GENERAL OBLIGATIONS BONDS

Districts may levy taxes for the repayment of bonded debt upon voter approval. Tax levies or bonded debt fall outside the limits of Measure 5.

Measure 50 limited the use of bonded debt to fund capital construction and improvements and prohibited using bonds to finance the purchase of equipment or maintenance and routine repairs.

The 2009 state legislature approved a provision of the Oregon Constitution that effectively expanded the range of the qualifying uses of bond proceeds by re-defining “capital costs” as costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair. Bonds may not be used to pay for the costs of routine maintenance or supplies.

Voters approved a \$4 million bond measure on the November 3, 2020 ballot to provide funds to construct, renovate, and improve District facilities. See Financial Section, Debt Service Fund for further details.

STUDENT INVESTMENT ACCOUNT

The Student Investment Account (SIA) comes from the Student Success Act. Oregon Governor Kate Brown signed House Bill 3427, the Student Success Act, into law on May 2019. The purpose of the Student Success Act was to correct underinvestment in our schools and our children and includes sweeping provisions for new and improved services for children and families. The Act funds three accounts:

- The Early Learning Account (at least 20 percent)
- Student Investment Account (at least 50 percent)
- Statewide Education Initiatives (up to 30 percent)

There are two stated purposes for the funds distributed under the SIA:

- Meet students’ mental or behavioral health needs, and
- Increase academic achievement for students, including reducing academic disparities for:
 - Economically disadvantaged students;
 - Students from racial or ethnic groups that have historically experienced academic disparities;
 - Students with disabilities;
 - Students who are English language learners;
 - Students who are foster children;
 - Students who are homeless; and
 - Any other student groups that have historically experienced academic disparities, as determined by the State Board of Education

CORBETT SCHOOL DISTRICT MEASURES AND LEVIES

The SIA spending plan had to be focused in any, some or all of the allowable uses that were detailed in HB 3427. Corbett School District used the allowable uses as they engaged with their students and families from the priority

populations and staff to discuss, inform and develop their SIA plan and application to ensure it meets the spirit and intent of the law.

BUDGET COMMITTEE

By law, the budget committee is charged with making recommendations concerning financial priorities.

The budget committee will have the responsibility for reviewing the financial programs of the district, reviewing the proposed district budget as presented by the superintendent, and recommending an annual or biennial district budget in keeping with the provisions of applicable state laws.

Educational policy decisions, however, are the responsibility of the Board, not the budget committee. The committee does not have the authority to add programs or to approve additional personnel or increase salaries. While the committee may, in effect, delete programs because of a fund decrease. The committee is charged primarily with a fiscal evaluation of programs. The committee may, alternatively, set an amount that changes the recommended budget and may request the administration make such changes in accordance with priorities set by the Board.

The following will govern the make up and process of establishing the district's budget committee:

1. The budget committee consists of seven members appointed by the Board plus the elected Board members of the district. To be eligible for appointment, the appointive member must: a. Live and be registered to vote in the district; b. Not be an officer, agent or employee of the district.
2. No budget committee member may receive any type of compensation from the district.
3. At its first meeting in July, the Board will identify vacant budget committee positions which must be filled by appointment of the Board. The Board will announce the vacancies and receive applications from interested persons

during the month of July. Such applications will include a signed statement that the applicant is willing to serve as a member of the budget committee and to adhere to the policies of the district. The Board may appoint budget committee members to as many consecutive terms as deemed appropriate.

4. At the first regular Board meeting in August, the Board will review the names of persons filing applications and names of those persons who have served previously and are willing to be reappointed. At the first regular meeting in September, the Board will appoint persons to fill the vacant positions.

5. The appointive committee members of a budget committee in a district that prepares an annual budget will be appointed for three-year terms. The terms will be staggered so that, as near as practicable, one-third of the appointive members' terms end each year. The appointive members of a budget committee in a district that prepares a biennial budget shall be appointed to four-year terms. Budget Committee – DBEA 2-2 The terms shall be staggered so that as near as practicable, one-fourth of the terms of the appointive members expire each year.

6. If any appointive member is unable to complete the term for which he/she was appointed, the Board will announce the vacancy at the first regular Board meeting following the committee member's resignation or removal. An appointment to fill the position for its unexpired term will be made at the next regular Board meeting.

Budget Committee Responsibilities

The following items explain the budget committee's responsibilities:

7. At its first meeting after appointment, the budget committee will elect a presiding officer from among its members. It may also establish other ground rules as necessary for successful operation of the committee.
8. A majority of the constituted committee is required for passing an action item. Majority for a 14- member budget committee is 8. Therefore,

CORBETT SCHOOL DISTRICT
SCHOOL BOARD POLICIES

if only 8 members are present, a unanimous vote is needed for passing an action.

9. The budget committee shall hold one or more meetings to receive the budget message, receive the budget document and to provide members of the public with an opportunity to ask questions about and comment on the budget document. The budget officer shall announce the time and place for all meetings, as provided by law. All meetings of the budget committee are open to the public.

10. The budget committee may request any information used in the preparation of or for revising the budget document from the superintendent or business manager. The committee may request the attendance of any district employee at its meetings. The budget committee will approve the budget document as submitted by the superintendent or as subsequently revised by the committee.

11. After approval of the original or revised budget document, the budget committee's duties cease. The hearing on the approved budget is held by the Board.

BUDGET ADOPTION

After the public hearing on the budget and any modification of the budget deemed necessary as a result of that hearing, the Board will approve the resolutions to adopt and appropriate the budget. The Board will further determine, make and declare the ad valorem property tax amount or the rate to be certified to the assessor for the ensuing year, and itemize and categorize the ad valorem property tax amount or rate as provided in Oregon Revised Statute (ORS) 310.060.

The superintendent will ensure all necessary documentation is submitted to the county assessor's office as required by the Local Budget Law.

BUDGET AMENDMENT

The budget estimates and proposed ad valorem property tax amounts or rate of any fund as shown in the budget document may be amended by the Board prior to adoption. Such amendment may also be made following adoption if the amendments are adopted prior to the commencement of the budget period to which the budget relates.

The amount of estimated expenditures for each fund shall not be increased by more than \$5,000 or 10 percent of the estimated expenditures, whichever is greater.

The ad valorem property tax amount or rate to be certified may not exceed the amount approved by the budget committee, unless the amended budget document is republished and another public hearing is held as required by law.

BUDGET IMPLEMENTATION

The district budget becomes the financial plan of the district for the ensuing budget period when adopted by the Board.

The superintendent and staff are authorized to make expenditures and commitments in accordance with the policies of the Board and the adopted district budget.

The superintendent will make the Board aware of any substantial changes in expected revenues or unusual expenditures so the Board may adjust the budget, if necessary.

BUDGET TRANSFER AUTHORITY

The annual budget is a financial plan which may be subject to change in response to circumstances or events occurring during the ensuing budget period. All appropriation transfers shall be authorized when completed by official resolution of the Board. The authorizing resolution must state: the need for the transfer; its purpose; and the amount of the transfer.

Transfers of general operating contingency appropriations, which in aggregate during a fiscal year or budget period exceed 15 percent of the total appropriations of the fund, may be made only after the adoption of a supplemental budget prepared for that purpose.

The superintendent has the authority to approve transfers between programs (i.e., elementary, middle school, high school) and or object codes (i.e., 100-salaries, 200-benefits, 300-purchasing service, 400- supplies) within the same appropriation.

FINANCIAL SECTION

APPROVED BUDGET

2025-2026

CORBETT SCHOOL DISTRICT FINANCIAL OVERVIEW

The Financial section contains detailed information on Corbett School District revenues and expenditures in the 2025-2026 budget. The initial part of this section is a summary of all funds. The remaining portion of this section includes more detail with narratives and financial reports for revenues and expenditures.

Revenue trends have improved as the State government has increased funding for education. The State School Fund (SSF) funding in the Governor's proposed 2025-2027 Budget is \$11.3 billion. Property tax-assessed values and collections continue to increase. The Board has also approved additional enrollment slots which increases funding over previous years.

Summary of Revenues & Resources
All Funds 2025-2026

Revenues & Resources

The 2025-2026 approved budget revenues for all funds total \$25,595,817, an increase of \$5,543,191, or 26.93%, compared to the 2024-2025 adopted budget.

The 2025-2026 revenue budget includes federal, state, local, intermediate and beginning fund balance as sources. Other sources include inter-fund transfers.

The primary source of revenue for all funds is State Sources totaling \$18.28 million or 71.8% of all sources. Additional major sources of funding for the District are Local Sources (including property taxes) totaling \$4.0 million or 15.7% of overall 2025-2026 funding, Federal Sources of \$2.0 million or 7.9% of overall 2025-2026 funding. The Beginning fund balance is that portion of the budget carried forward from reserves and prior year savings and is projected to be \$209,000 or 0.8% of the overall 2025-2026 approved resources.

FINANCIAL OVERVIEW

Summary of Expenditures
All Funds 2025-2026

Expenditures

In the 2025-2026 approved budget expenditures for all funds have an increase of \$250,114 or 0.42%, compared to the 2024-2025 adopted budget.

Expenditures in all fund graphs are categorized by salaries, payroll-related costs, employee benefits, purchased services, supplies and materials, capital outlay, other objects, transfers, and reserves. Wages and benefits are the largest expense making up 58.4% for all funds. Support Services makes up 46.0% of the budget due to the expectation of receiving a seismic grant that is budget in the 2000 Support Service function for \$2.5 million.

CORBETT SCHOOL DISTRICT
GENERAL FUND FUNCTIONS & DESCRIPTIONS

Functions describe the type of activity program that is carried out. The five major functional areas are: 1000- Instruction, 2000- Support Services, 3000- Enterprise and Community Services, 4000- Facilities Acquisition and Construction, and 5000- Other Uses. Functions in the 6000 functional area are for budget purposes only. The functions associated with these areas are presented below. Specific costs associated with each function can be found on the corresponding fund financial pages. The Corbett School District does not have 4000- Facilities Acquisition and Construction in the General Fund.

1000- Instruction - Activities dealing directly with the teaching of students, or the interaction between teacher and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as computer instruction applications, television, radio, telephone, and correspondence. Included here are the activities of instructional assistants of any type that assist in the instructional process. Expenditures for teachers' travel within the district in connection with teaching assignments are considered costs of instruction.

1111 Elementary, K-5 or K-6

Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics are considered to be needed by all students in terms of their awareness of life within our culture and the world of work and which normally may be achieved during the elementary school years.

1112 Intermediate, 4-6

Retired function, now rolled into 1111

1121 Middle/Junior High Programs

Learning experiences concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics are considered to be needed by all students in terms of understanding themselves and their relationships with society and various career clusters, and which normally may be achieved during the middle and/or junior high school years

1131 High School Programs

Learning experiences are concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all students as they achieve graduation requirements.

1132 High School Extracurricular

School-sponsored activities, under the guidance and supervision of district staff, are designed to provide students with such experiences as motivation, enjoyment, and improvement of skills. Extracurricular activities normally supplement the regular instructional program and include such activities as athletics, band, chorus, choir speech, and debate

1140 Pre-kindergarten Programs

Educational programs that are designed for the education and training of children, who are enrolled in prekindergarten programs.

1210 Programs for the Talented and Gifted

Special learning experiences for students identified as gifted or talented.

CORBETT SCHOOL DISTRICT

CORBETT SCHOOL DISTRICT DEBT SERVICE SUMMARY

Corbett School District Debt Service Overview

Corbett School District's bond debt consists of 2012B OSBA Flex Fund (QSCB), 2012C OSBA Flex Fund and General Obligation (GO). The General Obligation (GO) is paid with revenues generated through voter-approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2021 GO Bond funded the District's ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. The 2012B OSBA Flex Fund (QSCB) and 2012C OSBA Flex Fund provided fund to renovate the Springdale school.

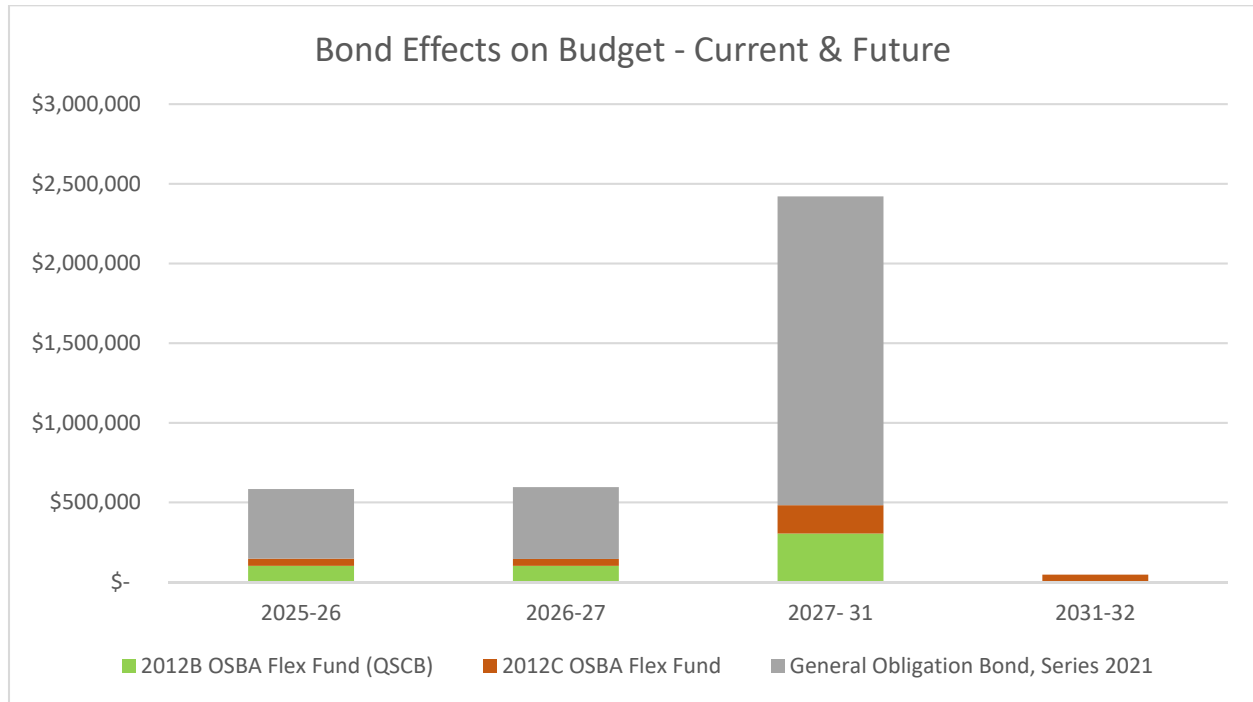

Corbett School District's loans and contracts are funded in part by the 70% reimbursement of transportation expenses through the State Funding Formula to support the District Bus Fleet. The 2011 SELP Loan and the 2024 MESD Loan were used to make energy updates throughout the District and support general operations, respectively.

INFORMATIONAL SECTION

APPROVED BUDGET

2025-2026

**CORBETT SCHOOL DISTRICT
STATE SCHOOL FUNDING FORMULA**

**State School Fund Grants and Property Tax Revenues
(Funding Per Student)**

State School Funds and Property Taxes are the primary sources of Corbett School District’s operating fund, the General Fund. The legislature determines how much money is available from both State sources, such as income taxes, and local sources, primarily property taxes.

State School Fund (SSF)

State School Fund is calculated based on enrollment. A per-student amount consists of two

different enrollment numbers: average daily membership, resident (ADMr), and average daily membership, weighted (ADMw). The ADMr number represents the average number of students enrolled at Corbett School District on a daily basis. The ADMw is an adjusted number to compensate for the high cost of educating certain groups of students, such as English Language Learners/English as a Second Language, special education, pregnant or parenting, income at or below poverty, and students in foster care.

**CORBETT SCHOOL DISTRICT
STATE SCHOOL FUNDING FORMULA**

Property Taxes

Property taxes from each school district’s permanent rates are deducted from the General-Purpose Grant to determine the amount the school district will receive from the State School Fund Grant.

Property Owners are taxed on the combined rates of education and debt service to repay bonds exempt from Measure 5. The Permanent Property Tax Rate for Corbett School District is \$4.5941 per \$1,000 per assessed value.

In 1990, when Measure 5 passed, the amount of property taxes education districts can collect was limited to \$5 per \$1,000 of real market value. At the same time, Measure 8 requires the State to replace property tax revenue lost due to the measure’s limitations. In 1997, Measure 50 separated assessed value from real market value.

Assessed values are limited to 3% increases per year unless there is new construction. Even if the market value is reduced, the assessed value can still go up by 3%. Once the assessed value “catches up” to market value, it can only go up if the market value goes up.

CORBETT SCHOOL DISTRICT
STATE SCHOOL FUNDING FORMULA

The permanent tax rates are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase their permanent rate authority. Rates for debt services are set based on each year's requirements. The district permanent tax rate is 4.5941 per \$1,000 of assessed value.

**CORBETT SCHOOL DISTRICT
STUDENT ENROLLMENT & PROJECTIONS
BY GRADE LEVEL**

Enrollment Projection Methodology:

The District develops annual enrollment projections for grades K-12 using four types of information: birth rates, cohort history, current and projected housing development, and overall economic picture. Cohort history is a commonly used demographic technique that looks at the number of students in a given grade or series of grades (called a “cohort”) and determines how many of those students will move up to the next grade or school level. Cohort history in a given area is affected by in-and-out-migration of families in response to the economic climate, the type of housing available (i.e., single-family units vs. multiple-family units), and general mobility of the population. Because there are no previous years’ “cohorts” to compare classes with, kindergarten projections are generated using information from Principals and Teachers on class size.

As a charter District, Corbett School District has strategically planned to increase enrollment for 25-26, then decrease annually. The District had a significant drop in enrollment in 2021-22 but due to federal funding didn’t make the adjustment to staff. The plan to increase enrollment will allow the District to make adjustments strategically.

CORBETT SCHOOL DISTRICT DEBT SERVICE SUMMARY

Corbett School District Debt Service Overview

Corbett School District's bond debt consists of 2012B OSBA Flex Fund (QSCB), 2012C OSBA Flex Fund and General Obligation (GO). The General Obligation (GO) is paid with revenues generated through voter-approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. The 2021 GO Bond funded the District's ability to construct, renovate, improve, furnish and equip the District's facilities and site improvements and refinance other long-term debt. The 2012B OSBA Flex Fund (QSCB) and 2012C OSBA Flex Fund provided fund to renovate the Springdale school.

Corbett School District's loans and contracts are funded in part by the 70% reimbursement of transportation expenses through the State Funding Formula to support the District Bus Fleet. The 2011 SELP Loan and the 2024 MESD Loan were used to make energy updates throughout the District and support general operations, respectively.

Special Note

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. The story is harder to tell this year as the COVID-19 pandemic significantly impacted our schools and the data we collect. As a result, statewide assessment and attendance data cannot be compared to prior years and are not shown here. We have included links to our website where you can view the 2020-21 statewide assessment and attendance data and read a detailed description of how these data were impacted. We're thankful for your partnership as we focus on care, connection and the creation of safe, inclusive and supportive learning environments.

Academic Success

ON-TIME GRADUATION

Students earning a diploma within four years. Cohort includes students who were first-time ninth graders in 2016-17 graduating in 2019-20.

School Goals

To foster intellectual development and promote social equity for all students, maintain and plan for adequate facilities, operate the District in a fiscally responsible manner, and maintain positive and collaborative relationships within all district communities.

School Environment

REGULAR ATTENDERS

Students who attended more than 90% of their enrolled school days.

FIVE-YEAR COMPLETION

Students earning a high school diploma or GED within five years.

COLLEGE GOING

Students enrolling in a two or four year college within 16 months of completing high school in 2017-18. Data from the National Student Clearinghouse.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Corbett School District strives to create a safe and welcoming environment through a variety of initiatives including: Multitage classes, morning meetings, translation/interpretation offered as needed, zones of regulation instruction.

School Goals

Our priority is to promote social equity for all students as we foster intellectual development and strengthen critical thinking skills to prepare them for college and future careers.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Corbett School District strives to create a safe and welcoming environment through a variety of initiatives including: multiage classes, morning meetings, translation/interpretation services as needed, zones of regulated instruction, and increased mental health support through our Student Based Mental Health facility.

**CORBETT SCHOOL DISTRICT
PUBLIC EMPLOYEE RETIREMENT SYSTEM (PERS)**

Corbett School District is a Public Employee Retirement System (PERS) employer and all employees who work in PERS-qualifying positions at Corbett School District become PERS members. More information about PERS can be found at <http://www.oregon.gov/pers>.

The District has not participated in the Oregon School Board Association limited tax pension obligation bond offset the estimated unfunded PERS actuarial liability (the UAL). PERS costs continue to rise impacting district budgets throughout Oregon.

Members are Tier 1/2 if they began working for a PERS employer prior to August 28, 2003. Members that begin with a PERS employer after August 28, 2003, are Oregon Public Service Retirement Plan members (OPSRP).

ANNUAL OPEB COST AND NET OPEB OBLIGATION FOR IMPLICIT BENEFITS AND DISTRICT CONTRIBUTIONS

The annual OPEB cost and net OPEB obligation are calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year June 30, 2024, the amount actually contributed to the plan, and changes in the District's net OPEB obligation:
